

LOSES LOVED ONES; JUMPS INTO BAY

Woman Pens Pathetic Note
Before Attempting to
Kill Self.

"The doctors say I will never be strong again. I love my husband and children, but cannot have them. I am so despondent and blue. I am sick. I have no friends and am in trouble, so I think I will be better off dead. I have a husband and two children, a boy and a girl, some place, but I don't know where. He will take good care of them, as he loves the children, although he don't love me. He don't love me any longer, and so I see nothing to live for. I wish my husband best luck and success. God bless him and my babies. Good-by, beautiful world, I am through."

Somewhere among the countless homes that cluster about the bay, perhaps in Oakland, is the husband and two children for whom Mrs. Mary Ruiz, who penned the above lines, is longing for and over whose absence and apparent hopelessness of recovering, she plunged into the icy waters of the bay last night as the steamer Claremont was entering her berth on the San Francisco side. After spending her last coin for a ticket to San Francisco from Benicia, Mrs. Ruiz arrived last night, only to be dismayed at the sight of the city from the ferryboat. The search that she had hoped to make for her husband and little ones seemed useless to her and she entered the cabin and penned the note which was found in her handbag at the Harbor Emergency hospital, where she was taken after being rescued by a boat lowered when the alarm of "Woman overboard" was given by Harry Hunt, who stood along the dolphin of the ferry slip as the boat entered. Mrs. Ruiz will recover from her plunge and nervous shock, in the meantime numerous persons have volunteered their assistance and women from both sides of the bay are taking an interest in her pitiful story of desertion by her husband and longing for her two little children.

"Nobody loves me," she sobbed upon being revived at the hospital. Now she finds that there are those who care for her and who will assist her to find her husband and babies.

Bad Politics Blamed for Exorbitant Rates

PHILADELPHIA, Nov. 12.—For the purpose of discussing public utility corporations and other executives of many American and Canadian cities met here today. Roy Palmer of Chicago presented statistics to show that Philadelphia pays more per mile for its electric street lighting than either New York or Chicago. "High rates," he said, "are many times the result of bad politics, or the lack of knowledge on the part of members of councils. Public utility companies have more influence in some cities than in others and often can have unsatisfactory rate measures passed."

James Wilson, franchise expert of New York said: "Public utility investments should be placed upon a non-speculative basis and their security should approximate that of municipal bonds."

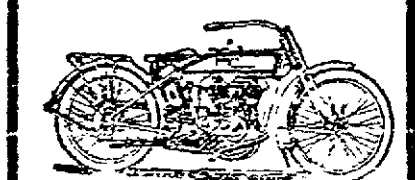

"Public utility service ought not to be given an opportunity for any kind of men to get rich. It ought to furnish to multitudes of people comparatively small means a safe and conservative investment for their savings."

NURSES' ASSOCIATION OPENS ANNUAL BAZAAR

Several hundred professional folk attended the annual bazaar of the Alameda County Nurses' Association. Which opened yesterday afternoon in the hall, where the fair will close with a dance tomorrow evening. The function will be informal. Wives of the medical men of this county will be among the patronesses. One of the most attractive features of the bazaar is the doll display. "Baby dolls" are attired in nurses' uniforms and are being sold by the nurses of the hospitals of the bay cities. The nurses are also clad in cap and uniform, making a very striking picture.

The hall is decorated with pennants and palms, which give a very effective setting for the booths, presided over by the members of the association.

BEACHEY TO STUDY WAR FAREWELL LOOP SUNDAY

LINCOLN BEACHEY,
thrilling a crowd on the
Lake Shore front of
Chicago.

Lincoln Beachey, the world's most interesting figure in aeronautics, whose loop-the-loop, upside down flying and death dip have taken the entire country by storm, says that the next great sport of the masses will be aerial racing over the greatest of all speedways—nature's blue sky. Beachey will appear at Emeryville race track next Sunday.

"For years those who have watched Beachey and his abandonment of all prudence in the sky have predicted dire things for the quiet little birdman. But Beachey has fooled them all, and instead of looking on such as the possible forerunner of his doom, he has looked into the future with the eyes of the expert. Just as the bicycle was supplanted by the motorcycle, and the motorcycle in turn by the automobile, so will the airplane take the place of the four-wheeled motor vehicle as the provider of extreme thrills for the masses," said the loop-the-loop king.

"The great problem of the automobile race has always been tires and gravity. No matter how powerful the motors are, the race is seldom to the swift. Big high powered cars are sometimes more than a match for my aeroplane, which at present is the fastest thing ever sent into the skies, but my race against these high powered cars does not represent the future of the automobile. The automobile has reached the extreme speed—tires could not possibly stand a faster pace."

Left Him When Tired of Social Activities

Thrill of social life in Los Angeles, Mrs. May V. Dodson, who was married to James H. Dodson December 25, 1911, while he was a freshman at the University of California, packed her trunks a year ago and left the home of his mother, Mrs. Rudelinda Dodson, according to testimony of the husband, who was today granted an interlocutory decree of divorce by Superior Judge Harris. Judge Harris also granted an interlocutory decree of divorce to Ida Watson from Marvin A. Watson, theorist. New complaints were filed by Harold F. Elliott against Frances M. Elliott, crueky; Frances Evelyn Wilson against C. H. Wilson, desertion; Rose G. Milton against J. H. Milton, desertion, and Marie Lee against Gregory A. Lee, crueky.

FEDERATION OF LABOR DEFEATS RESOLUTION

PHILADELPHIA, Nov. 12.—A resolution creating a committee to bring about unity and to recognize the needle workers' trades, the first resolution to come before the convention of the American Federation of Labor was defeated after some debate at today's session. The vote was 11 to 10 in the ranks of the Garment Workers' union, it being alleged that about two-thirds of the members have succeeded from the regular organization. The resolution was introduced in the interest of those who are rebelling against the regular national officers. Both Toledo and Indianapolis want the 1915 convention of the federation. The 1915 convention will go to San Francisco, according to officers of the federation.

FIND RUNAWAY GIRL

SAN FRANCISCO, Nov. 12.—Declaring that she fled from home because she was abused by her step-mother, little Mary Camico, 12 years old, was located today at the home of her aunt, Mrs. Harvey, 2101 Stockton street, by Detective Eugene Sweeney of the chief's office. The girl disappeared from her home, 25 Dunne street, on Wednesday, and it was feared that harm might come to her. Sweeney was detailed on the case and searched for her all yesterday and last night. Mrs. Harvey seemed willing to take the child, but she was removed to the detention home.

the sight of your first big aeroplane race, remember what I have said. The average person would hardly call Beachey a scientist. Yet every time he executes a single or double somersault in the mid-air science has gained something. Go out and watch Beachey as he literally devours space at the risk of life and limb. Then let your thoughts turn back to the ace when speed was reckoned by the stampan's horses and course of man. It makes an interesting resume.

When Lincoln Beachey pilots his space eating biplane above the Emeryville race track Sunday lovers of the extreme speed will gasp with amazement. They will see the wizard of the air shoot through space with cyclonic speed, make the turns of nature's air cushions without wavering, and breeze down the stretch like a frightened hawk before a gale.

Science will give Beachey no credit, no matter what he accomplishes. He has shown builders where aeroplanes need revision. He is doing things with his plane no other aviator dares to do, rides on the wings of the fiercest gale and some day something may happen to him. In such a case he will not be mourned or praised by science. They will simply say "There goes another one of those dare devils."

"Jitney Busses" Cut Revenue of Trolleys

LOS ANGELES, Nov. 12.—With a statement that motor car competition in passenger-carrying had cut street car revenues \$500 a day, the Los Angeles street railway company launched a campaign today against the "jitney busses," which started business only a few weeks ago, but which have increased in numbers from a dozen or so to several hundred in that time. Unless the competition is regulated, W. E. Dunn, vice-president of the railway company, declared, services already rendered by the street cars will be curtailed and the public given experience with automobiles on slippery streets during the rainy season.

BANKING INSTITUTE IN COMPLIMENTARY BANQUET

The Oakland chapter of the American Institute of Banking tendered a reception last night to George E. Allen, educational director of the institute, whose headquarters are in New York City. He was taken on an automobile tour of Oakland and then entertained at a banquet in the blue room of the Hotel Oakland. Following the supper they adjourned to the club rooms of the chapter in the clearing-house, where Allen delivered an address to the bank clerks of Oakland. Although the address was for the most part along educational lines, Allen remarked that he was most agreeably surprised with the progress that Oakland has been making in the last few years. "Since my last visit here in 1911 I notice with no little surprise the wonderful strides that Oakland has made. The many new and beautiful structures that have been erected since my last visit have certainly surprised me most agreeably. This added to the fact that there is a visible increase in all sorts of business and particularly in the banking line, your reception here has pleased me exceedingly and I can scarce find words to express my gratitude to the people of Oakland in general and the bankers in particular for the hospitable manner in which I have been greeted."

CONDITION NOT IMPROVED. FATESVILLE, Ind. Nov. 12.—The condition of Joe Benz, Chicago American pitcher, who has been ill with typhoid fever at his home here for a week, had not improved today. Mr. Benz's physician said that while the case was serious it had not yet reached the dangerous stage.

Toy Section

Closing-Out
Sale of Toys

LAST year we attempted to close out this section, but the stock was of such magnitude that a considerable quantity of it remained in our stock cellars. This season we plan to close it out entirely if prices have not failed to appeal to economical buyers.

Necessarily we have had to buy many new lines in order to put the department on a representative display basis. To avoid error, let it be said that last year's merchandise does not consist of shopworn or broken Toys, but of goods fresh from the package and always in demand.

All merchandise, old and new, has been marked at prices that will not fail to make purchasers of visitors to the section. Naturally the older stock bears the burden of the reduction which in most cases reaches FIFTY PER CENT or more, but the new stock as well may be purchased at reductions amounting to about ONE-QUARTER OFF the prices asked in other establishments.

We feel sure that a visit to the section will do more to substantiate our claim to toy consideration than full pages of advertising. Necessarily the earlier the visit the greater will be the buyers' satisfaction as to variety, quantity and individual selection. Below we mention a few of the lines to be found in our Toy Section, all of which may be had at the starting reduction above mentioned:

- | | | |
|---------------------|--------------------|------------------|
| Horses and Carts | Toy Stoves | Magic Lanterns |
| Toy Vehicles | Mechanical Animals | French Novelties |
| Trains (mechanical) | Rubber Animals | Rubber Dolls |
| Trains (electrical) | Celluloid Dolls | Steam Engines |

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist.
As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are adversely affected by acid. The acid trouble, which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. This acidity irritates the delicate lining of the stomach and food fermentation causes the production of gas, which interferes with and retards the normal action of the stomach. The result is a condition of the stomach which is unhealthy and normal, but irritated. The most persistent of these foreign elements—acid and wind. In all such cases, the only remedy is to neutralize all acid stomach conditions, the first and only step necessary is to neutralize the acid and stop the fermentation by taking a little warm or cold water immediately after eating, from one to two teaspoonsful of disburated magnesia, which is doubtless the best and only safe remedy. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will be on its normal way. Be sure to ask your druggist for the disburated magnesia, as have found other forms utterly lacking in their secondary valuable properties.

MRS. ALICE B. SHARPE, TEACHER AT HILLSIDE SCHOOL, WHO IS ENTHUSIASTIC MEMBER OF TEACHERS' GYMNASIUM CLASS.

BERKELEY, Nov. 12.—"If physical culture does our pupils good, why don't it help us too?" This is a question a half hundred teachers in the Berkeley schools have put to themselves, with the formation of a gymnasium class as a result. Once or twice a week the teachers labor with weights, dumbbells and Indian clubs, in fact, the teachers are making themselves stronger and healthier.

WARD STREET IS GOODS TO CROSS

WARD STREET IS GOODS TO CROSS

BERKELEY, Nov. 12.—Ward street, in the southern part of the city is reported to be taking the lead in the placing of flowers in front yards and along sidewalks. The people of that street are enthusiastic in their efforts to improve the appearance of their premises, as they declare that in addition to making the surroundings more enjoyable the adornment of the homes has already made their property more valuable in the market. In this way they reap profit as well as pleasure.

ROYAL ARCH PLAN DRASTIC REFORM

Members Take Cognizance of People's Will in Heavy Prohibition Vote.

SAN FRANCISCO, Nov. 12.—Members of the Royal Arch have taken cognizance of the expressed will of the people as shown in the vote on the prohibition amendment, and are planning more drastic regulation of the saloons which belong to their order in this State. The plans of the organization were brought to a head by the statement issued by Theodore Bell, attorney for the Grape Growers' Protective Association, which set out the proposition that the saloons along definite lines as a task which wine makers and vinticulturists should undertake, to save their own industry.

"I have not examined the statement of the attorney for the grape growers in detail," said F. G. Roney, grand recorder of the Royal Arch, "but I believe that the proposal to limit the number of saloons to one for each 1000 population would be opposed by our organization. From 1900 to 1910, I think, would be acceptable to us, but to cut the number as proposed would eliminate two-thirds of the saloons in the State."

SUSPECT IDENTIFIED AS ONE OF ROBBERS

BELLEVILLE, Wash., Nov. 12.—Mrs. John Murray, wife of a rancher near the border line, and A. McGee, a rancher who lives near Blaine, went to Mount Vernon yesterday accompanied by Deputy Sheriff Wilson Stewart of this county, to attempt to identify Huie Kazanski, arrested in Seattle last Tuesday as the fifth and last of the bandits who robbed a Soder Woolley bank on the night of October 11.

Mrs. Murray fed three of the bandits in the forenoon of October 23 at her ranch home and McGee talked to them a few hours later. Mrs. Murray said that she thinks Kazanski is one of the three. John Goddell identified Kazanski yesterday as a man he saw loitering about the bank on the night of the robbery.

The two other members of the band were killed near Hazelton, B. C., in a fight with officers on the night of October 22.

DENY ORDERING MEN.

CAMP GARRISON, Prairie Creek, Ark., Nov. 12.—C. H. Finley, auditor of the Bache-Denman Coal Company, yesterday denied that non-union miners were being assembled in Fort Smith preparatory to reopening mine No. 4 at Prairie Creek. He made arrangements for sinking at least one well for soldiers now camped here on the company's property.

FURNITURE SPILLED IN ROAD.

SAN LEANDRO, Nov. 12.—A wagon loaded of furniture on its way to Major J. A. Gill's new home on Joaquin avenue toppled over into the street, when one of the wagon wheels gave way yesterday. T. A. Sullivan, driver of the wagon, narrowly escaped being struck by a shower of chairs and tables.

If it comes from New York, you know that it is right

The Home of American Fashions.

WE make a specialty of Misses' Suits, Coats and Dresses. You can't match them anywhere for style, and our prices are very much lower than other stores.

Special Values in All Departments Saturday

Tomorrow we will offer the biggest values in Suits, Coats and Dresses since we have been in Oakland. Word has come to us from our Mr. Reich in New York to prepare for huge purchases soon to arrive. This being a new store, recently opened, makes these opportunities eclipse anything to be found elsewhere on either side of the bay.

Suits \$15

Values as High as \$40

A Dress Sale

Values to \$25.00 **\$10**

At this price every one of these Dresses should be gone Saturday night and they probably will. Dresses that were selling from \$15 to \$25 will go at \$10—just think of it.

This is really our first big Dress Sale. There are satin and serge combinations, dresses with velvet tops, crepe de chine, poplins, etc. No prettier effects have been seen anywhere this season. So many colors we won't attempt to name them—every new shade included. Snappy street and dancing frocks galore.

Hundreds of Coats \$10

Judging from the way we have been selling Coats since this store opened, we ought to capture the entire coat business of Oakland with these values tomorrow. There are boucles, zibelines, Scotch Chinchillas, broken plaids, the new green, checks, brown and blue chevrons, etc. Also many black coats. Tomorrow is Coat Day for Oakland.

New York Skirts \$5

Button and braid trimmed Skirts; plain and accordion pleated, some with the tunic. Navy, brown, checks, blue, etc.

SYNDICATE IS SUED FOR PAYMENT ON NOTE

Alleged refusal on the part of the Realty Syndicate to redeem one of its "Syndicate Sixes," notes issued by the company through Rupert Whitehead prior to the financial embarrassment of the F. M. Smith company, is the ground for a suit filed today against the company by C. W. Gibson, who asks for judgment in the sum of \$525 and interest from last April. Gibson says that he made demand in writing for the payment of the note, but that it was refused.

TO HOLD HOLIDAY BAZAAR.

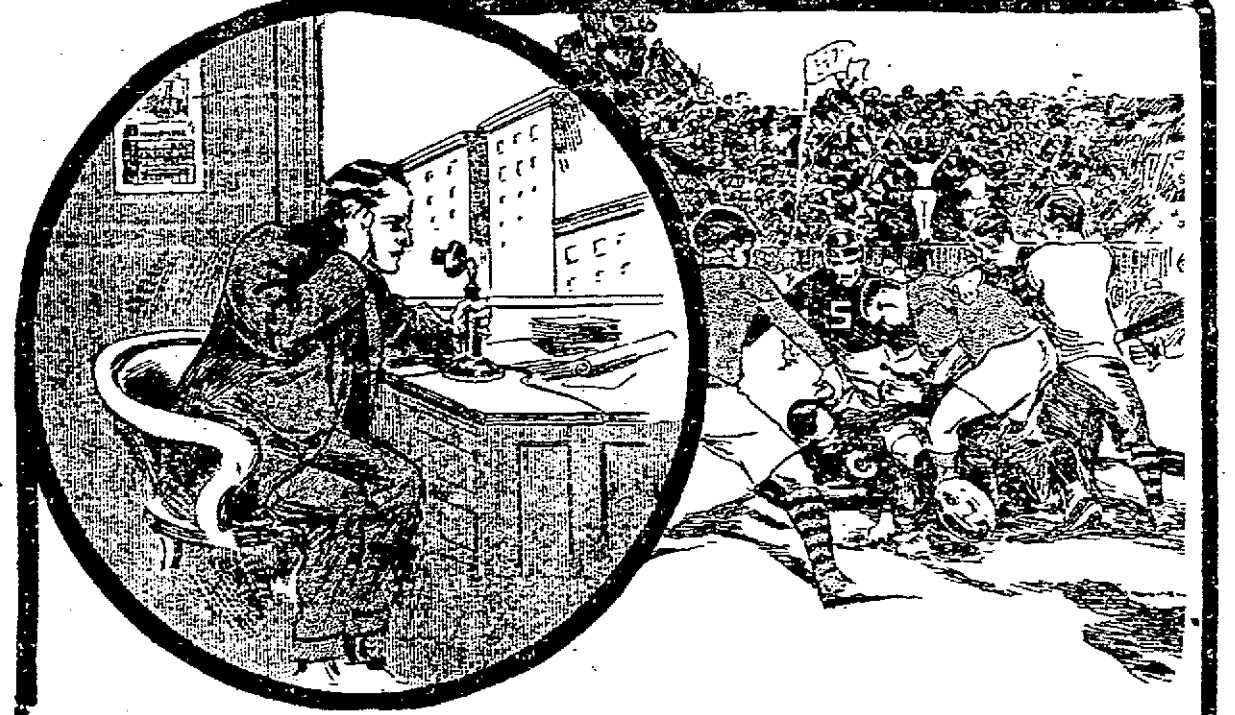

The Women's Alliance of the First Unitarian church will hold a holiday bazaar at Starr King Hall, Fourteenth and Castro streets, on November 20 and 21, afternoon and evening. An entertainment will be given in connection with the sale at which living pictures posed by children under the direction of Mrs. Adele M. Sweet, instrumental and vocal music and fancy dancing will have a prominent part in the two days' fête.

What is Castoria

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*.

"Fine! Call me again at the end of the first half."

The victory of the game on California Field will be due to grit, skill, speed and team work, developed in weeks of preparation and discipline. The contest will furnish the diversion of the afternoon, and tomorrow will be but a memory.

The success of the Bell telephone is due to the promptness, accuracy and extent of its service, following years of study and evolution. It means convenience and comfort at every minute of every hour, and tomorrow will be the same reality as today.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gas and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your food limit without rebellion, if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advt.

CONVICT EARNS CASH.

OTTAWA, Kan., Nov. 12.—Mrs. Mollie Stewart, a life prisoner in the state penitentiary for complicity in the murder of Jane Schneck and two children, four years ago, has recently made some embroidery that attracted the attention of Queen Wilhelmina of Holland and other notables. Several noted persons are now regular purchasers of Mrs. Stewart's embroidery, and thus the proceeds of the life term's needlework supports two daughters at school.

DRIVER'S BAD MISTAKE.

LEWISTON, Pa., Nov. 12.—Harry Miller of York county was driving a touring car in the country near here after nightfall. He saw something dark in the road, but took it to be a shadow. Rushing into it there was a terrific crash. The car was wrecked and all the occupants were severely or less injured. The supposed shadow proved to be a heavy pole stretched across the road.

AUSTRIA MAKING EFFORT TO FLOAT WAR LOANS

VENICE, via Paris, Nov. 12.—Extraordinary efforts are being put forward in Austria-Hungary to secure the successful flotation of new war loans. The emperor himself has taken the unprecedented step of ordering a large sum of money from his private purse invested equally in the Austrian and Hungarian issues. Convents and other ecclesiastical foundations have agreed to take large allotments and several municipalities are doing the same.

The agricultural associations in Hungary have united in an appeal to the agrarians to return some part of the great profits they have made from the war by providing the loans.

Meanwhile the general commercial situation is reported to be steadily growing worse and the newspapers are publishing daily lists of firms which have been placed under official supervision.

CIVIL SERVICE TESTS FOR EXPERT POSITIONS

The United States Civil Service Commission announces that the examinations listed below will be held in San Francisco at an early date:

Blue printer (male), Forest Service, Albuquerque, \$750 per annum, December 2, 1914.

Pomological artist (male and female), Bureau of Plant Industry, Washington, D. C., \$1200 per annum, December 2, 1914.

Landscape architectural draftsman (male), Engineer Dept. at Large, Washington, D. C., \$50 per month, December 2, 1914.

Application blanks and further information relative to these applications may be obtained from the secretary, Twelfth Civil Service District, room 211, Post Office Building, San Francisco, Cal.

MISSIONARIES CANNOT SAIL.

Fourteen foreign missionaries, who arrived here several days ago from Buffalo and who were booked to sail tomorrow for Yokohama, have been detained here owing to the serious conditions now existing in the Pacific waters. They are all under the directions of the Woman's Board of Foreign Missions of the Methodist Episcopal church and were scheduled to return to their respective fields tomorrow.

Mrs. C. C. Lombard of East Oakland received a telegram last evening from New York, in which she was requested to advise the missionaries that they should not sail for the Orient at present. The missionaries are now domiciled at the Arlington hotel in San Francisco, where they will remain subject to the recommendations of the headquarters in New York.

ANIMAL FRIENDS MEET.

SAN FRANCISCO, Nov. 12.—At the regular monthly meeting of the Animals' Friend Society at the Palace Hotel, Charles Leonard, secretary, Charles Goff of the traffic squad talked on the "Slippery Streets of San Francisco."

POINT RAISED OVER CAMPAIGN EXPENSES

SACRAMENTO, Nov. 12.—Legislators-elect and those less fortunate in the recent state election were "saluted" where they "are at" before filing campaign expense accounts with the secretary of state, especially if any of them spent more than \$100. Whether the action in the election laws prohibiting a candidate for office from spending more than 10 per cent of the first year's salary of the office sought, applies to legislative candidates is a question that probably will find its way into the office of the attorney general for a ruling.

Under the law members of the assembly receive \$1000 for their services at a session. This amount is not regulated by the length of the session. It is a flat rate for the state to pay. This law reads "compensation for services."

Now the question is whether "compensation for services" means "salary." If it means salary, then the election expenses or campaign expenditure must be limited to 10 per cent of the \$1000, or \$100.

HEADS HIGHWAY ASSOCIATION.

ATLANTA, Ga., Nov. 12.—Bastian Harrison, president of the Southern railway, was elected president yesterday of the American Highway Association. Among the directors elected was C. E. Blaney of California.

FLORAL SOCIETY TO MEET.

The regular meeting of the Alameda County Floral Society will be held at the Chamber of Commerce on Monday evening. An expert will discuss sweet pea cultivation.

Out They Go! All Blood Destroyers

Changed, Converted, Made Harmless and Cast Out by a Remarkable Remedy

How They Do Scatter When S. S. S. Gets to Work

Every drop of your blood can be cleansed by that famous blood purifier, S. S. S. And if you have struggled with some peculiar blood malady and would like to know more definitely why S. S. S. cleanses all your blood write to the medical department of The Swift Specific Co., 50 Swift Bldg., Atlanta, Ga. You will learn why these impurities which break out in the skin are checked and converted by one remarkable ingredient in S. S. S. You will more readily understand why these eruptions that attack the membranes to cause catarrhs are so prepared by the action of S. S. S. that they are readily eliminated.

A host of people who have been cured of rheumatism by S. S. S. have testified how this remarkable remedy scatters out the acids and impurities, the germs and poisons in the innermost recesses of the body. It dissolves and drives out these impurities by a most penetrating influence. In like manner a long train of painful, persistent and puzzling maladies have been completely overcome. And there are those that attack the membranes to cause catarrhs are so prepared by the action of S. S. S. that they are readily eliminated.

Get a bottle of S. S. S. today of any dealer in drugs. Don't accept anything else. And if you would know better how to quickly cure yourself at home write at once to the medical adviser, The Swift Specific Co., 50 Swift Bldg., Atlanta, Ga. It will pay you to do this today.

GIRLS! HAVE BEAUTIFUL, LUSTROUS FLUFFY HAIR--25 CENT DANDERINE

No More Dandruff or Falling Hair--A Real Surprise Awaits You.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff, is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Danderine. Danderine now--all drug stores recommend it--apply a little as directed and within ten minutes the hair will have an appearance of abundance, freshness, fluffiness and an incomparable softness.

gloss and lustre, and try as you will, you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair--fine and downy at first--but really new hair--sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair--taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments--a delightful surprise awaits everyone.

Madame Ise'bell
Says: "Keep Your Neck and Shoulders Smooth and Polished if You Wish to Wear Low-Cut Gowns."

I am always advising the use of the hand mirror, and now that thin, low waists are so generally worn, I wish young girls would realize how important it is that the shoulders and back of the neck should be in perfect condition. Too often the skin is rough and the pores enlarged with tiny blackheads. The ideal shoulder is smooth, firm and polished, and no one should wear a low cut dress if the skin is not in good condition.

To begin treatment provide yourself with a rough wash cloth with a soft edge and a low cut dress if the skin is not in good condition. To begin treatment provide yourself with a rough wash cloth with a soft edge and a low cut dress if the skin is not in good condition.

Many women object to wetting the hair in the bath and the result is a dirty hair line about the neck. Special care should be taken to keep the hair line absolutely clean and to insure this it should be cleaned twice a day either with a cleansing cream or the corner of a soft towel wet with toilet water. Remember that a daily tub is not necessarily an absolute cleansing process.

MRS. TYLER TUBBS HENSHAW (PATRICIA O'CONNER), WHO WILL GIVE A CHILDREN'S MATINEE.

If, like the poet, one ever longs to be "a child again just for tonight," one surely would want to be one for Patricia O'Conner's matinee.

Patricia O'Conner, with her lovely name and charming personality, is young Mrs. Henshaw, as everyone knows, and she is to give a matinee for children in Mowbray hall on November 24.

It is an original idea, and decidedly a worth while one. There are to be a series of children's matinees, that will be so alluringly interesting and altogether fascinating that the small boys and girls who go to them will never dream that the standard of amusement for children is being raised. There will be stories and songs so subtly educational that they will be received as merely wonderful and absorbing.

Thus, on the 24th, Thanksgiving will be appropriately considered. There will be the story of the first Thanksgiving and something about turkeys of colonial days that only gradually assumed their proper importance in the American menu. After the stories, children's songs, given with the genuine art and grace which that charming damsel in New York a few seasons ago when Patricia O'Conner was a student at Columbia.

It was in New York that the idea was first suggested, and Patricia O'Conner gave matinees at the home of Mrs. Douglas Robinson, who is Colonel Roosevelt's sister, and at other homes, including the John Hay Hammonds, where the small heirs to millions listened to her stories and bent time to her songs.

It really would be nice to be a small person again, just for one of Patricia O'Conner's matinees.

MRS. FAUL, A HOSTESS.
Mrs. Ashley Paul will be hostess at an informal dance this evening in Mowbray hall, Piedmont, where fifty guests will be entertained. It will be a Tama Yama party and one of the jolliest affairs of the season in the younger married set. There will be quaint decorations in the hall to be in keeping with the festive costumes, and among the guests will be Mrs. Anna M. Richards, Mr. and Mrs. William Ede, Mr. and Mrs. George Wilhelm, Mr. and Mrs. Burr Eastwood, Mr. and Mrs. Ben Reed, Mr. and Mrs. Irene Lamborn, Mr. and Mrs. Ralph Phelps, Mr. and Mrs. Fred Sherman, Mr. and Mrs. Frank Glass, Mr. and Mrs. Raymond Wilson, Miss Carlisle Lohme, Miss Lillian Barker, Dr. Sumner Hardy and Leslie Taylor.

From San Francisco will be Mr. and Mrs. Oliver Dibble, Mr. and Mrs. Edgar Van Buren, Mr. and Mrs. Jack Chace, Dr. Harold Hill and Dr. William Moore.

WEDDING IN CHINA.
The wedding of Miss Alice Baker, daughter of Mr. and Mrs. J. E. Baker, to Stuart S. Richards, of New York, will take place in the early spring in China, where Miss Baker is visiting her brother, K. Carleton Baker, American Consul at Chungking, and her husband, Stuart S. Richards, is the Standard Oil representative at Han Kow. Mr. and Mrs. Baker are planning a trip to the Orient to visit their son and be present at the wedding.

News of the engagement was received yesterday in letters from China, where the announcement was made. Miss Baker has been the guest of her brother several months and it was on the trans-Pacific voyage that the young people met. Miss Baker is an attractive girl who has been prominent in society in Oakland and in Alameda, where the Baker home in Central avenue has been the scene of many entertainments, and there is much interest in her betrothal. Mr. Richards has a three years' business contract in China and after the wedding will take his bride to Han Kow to live. At the expiration of his contract they will come to California.

FOR MRS. COOGAN.
Mrs. Albert Coogan will share honors with Miss Enid Flagg at a tea to be given on Thursday afternoon, November 17, by Miss Betty Glover Funston, at her home in San Francisco. Miss Funston was one of the bridesmaids at the Coogan-Coogan wedding last month, and was a guest at Mrs. Coogan at Stanford. About thirty guests will be entertained.

VISITING MRS. MOFFITT.
Mrs. James Moffitt is entertaining her niece, Mrs. Archie Smith, as her house guest.

FOR MRS. ORRICK.
Mrs. William Orrick (Mary Downey) is still being entertained by her friends, and a recent affair in her honor was a large bridge party at which Mrs. Kenneth Hamilton was hostess. Some of the guests were Mrs. John McCallan, Mrs. J. J. Donagan, Mrs. Dudley Kinsell, Mrs. John Overbury, Mrs. Louis Lohse, Mrs. Philip Wadsworth, Mrs. Emilie Abadie, Mrs. Thomas Knowles, Mrs. Fred Diekmann, Mrs. Hugh Goodfellow, Mrs. Edson Adams, Mrs. Irving Burdell, Mrs. Kenneth Lowden, Mrs. Hiram Hall, Mrs. Lester Greene, Mrs. Frederick Clift, Mrs. Ben Reed, Mrs. Murray Orrick, Mrs. Maurice Walsh, Mrs. Clarence Edward, Miss Edith Beck, Miss Lillian Downey, Miss Carlisle Lohme, Miss Bessie Reed, Miss Letitia Barry, Mrs. Jessie Craus, Miss Marjorie Coogan and Miss Elsie Everson.

BRILLIANT RECEPTION.
The reception following the dedication of the California Building at the Exposition on November 21 will be a brilliant and unique affair, probably the most interesting and representative gathering in California's social annals. The Woman's Board of the exposition, and the county auxiliaries of the Woman's Board throughout the state, will be hosts and the broad spirit of good will that has characterized the various boards in their efforts for the Exposition will lend an atmosphere of generous, cordial California hospitality to the occasion.

While the dedication ceremonies at which Governor Johnson, Mayor Rolph and President Charles C. Moore of the exposition will be speakers, are to be held in the gardens of the California Building, the reception and following will be held in the great Counties Exhibit Section, which will be transformed into a ball room over four hundred feet square for thousands of dancers.

RECEIVE CONGRATULATIONS.
Mr. and Mrs. Roy Cartwright are receiving congratulations on the birth of a son, Roy Shurtleff Jr. Mrs. Shurtleff was Miss Hazel Lawton before her marriage.

FRESNO TO AID BELGIANS.
FRESNO, Nov. 13.—Over \$1500 in cash and about five tons of grain and fruit raised was the result of partial reports received yesterday of the first day's canvassing for Belgian relief here. About one-fifth of the territory was covered by the citizens' committee. The work will probably continue for a week.

WINTER IN OAKLAND.
Mrs. Leo Sahm, wife of Lieutenant Sahm, U. S. N., who has been visiting Mr. and Mrs. H. M. Hepburn at their home in Richmond avenue since her arrival from Bremerton, has taken residence in Santa Clara avenue, where she plans to remain while Lieutenant Sahm is on sea duty. Mrs. Sahm is the daughter of Admiral and Mrs. Cowles and a niece of Colonel Roosevelt, and will be a charming addition to Oakland society this season.

PLANS BRIDGE PARTIES.
Mrs. E. D. Yorker is planning a series of bridge parties to be given at her home in Harrison street after the holidays. Cards will be sent out soon after the first of January and the affair will be among the interesting events of the new year season.

MRS. SEYMOUR'S LECTURE.
A number of well known women gathered at the Grace Hayden residence this morning for the art lecture given by Mrs. C. Burrham Seymour of New York, who is Mr. Hayden's niece. The lecture was to be given every Friday morning for several weeks and among the subjects will be "Portrait Painters of the Exposition," including studies of Sargent, Lenbach, and a number of the California artists. One lecture will be on the residence and the work of Robert Henri and Winslow Homer. Among those who heard Mrs. Seymour this morning were Mrs. Frank Havens, Mrs. Isaac Requa, Mrs. George Hammer, Mrs. John Orr, Mrs. Fred Crier, Mrs. Frederick, Mrs. Elsie Macmadel, Miss Dorothy Tait and Mrs. Mary Curtis Richardson of San Francisco.

GAUITY DANCE POSTPONED.
The dance planned by the Gauity Club for Saturday evening has been postponed until Saturday evening, November 21, because of the accumulation of gaieties this week. The dance at the Claremont Country Club will draw many of the younger set after the football game, and a number of informal dinner dances have been arranged for the evening following the game in Berkeley.

MR. NEVILLE ILL.
The illness of John Pym Neville, who is confined to his home in Piedmont, is causing his family and friends much concern, but it is hoped he will soon be about again. Mrs. Neville, who was to have entertained one of the bridge clubs next week, has postponed the engagement and the club will meet at Mr. William Pierce Johnson's home instead. Mr. and Mrs. Neville returned a few weeks ago

TRADE WITH ATLANTIC SHOWS VAST INCREASE
SAN FRANCISCO, Nov. 13.—Trade of San Francisco with Atlantic coast ports of the United States by sea has increased about 250 per cent in consequence of the completion of the canal.

This is the conclusion of the foreign trade department of the Chamber of Commerce, which has just issued a statement of shipments by the canal in October, and comparative figures of exports by the Tehuantepec and Panama water and rail routes in October, 1913. In value the exports have been:

October, 1914\$5,096,064
October, 19131,987,496
Increase\$3,108,568

COW BREAKS RECORD.
WOODLAND, Nov. 13.—A new world record for milk production will be set tonight by the 5-year-old Holstein-Friesian cow, Tilly, Alcarria of the blooded herd of A. W. Morris & Sons.

The record of 29,592 pounds of milk in one year was broken two years ago when Tilly passed that mark set by a Massachusetts cow. The record was formerly held by Riverside Saddle of Kol Burke of the Morris herd at 28,826 pounds, before being taken by the Eastern cow. Tilly Arcarta, the new champion, has already passed the 30,000 pound mark and the year will be ended tonight when the exact mark will be determined.

ready to serve you with Zerolene and
Red Crown.

The demand for our products has increased enormously. Along with it has come the demand, equally as insistent, for greater convenience in securing them.
As a result of this we have bought the National

Supply Stations. We have put Zerolene lubricants and Red Crown gasoline where the motoring public can get them easily, quickly, conveniently. We have backed Standard products with Standard service.

ZEROLENE

The Standard Oil for Motor Cars

AND

RED CROWN

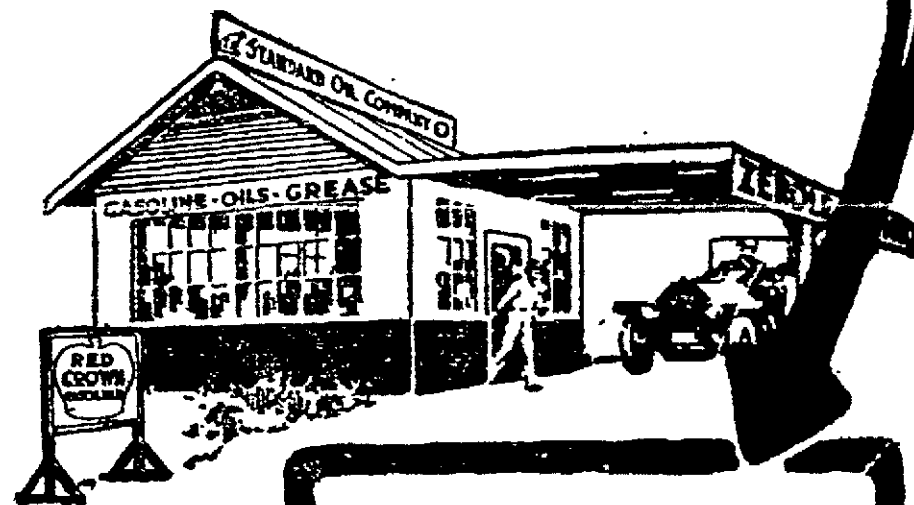

The Gasoline of Quality

are the best motor oil and motor fuel the Standard Oil Company can make—the result of more than forty years' successful experience. Zerolene lengthens the life of your car and cuts down repair bills by giving efficient lubrication. Red Crown is pure gasoline—a straight-run refinery product, not a mixture. That's why there's power in every drop. It's the cheapest fuel per mile.

Our stations are conveniently located. They are all on streets you use every day. You need not go a foot out of your way to get Zerolene and Red Crown.

OAKLANDERS HAVE DEDICATION ROLES

People of This City to Play Part at California Building's Opening.

The dedication ceremonies which are to attend the formal opening of the California Building at the Panama-Pacific International Exposition on November 21, will be in reality a great California rally with representatives of prominence from practically every county in the state. It is also to be the chief social event of the exposition's history to date, and will be marked by a memorable gathering of society folk of all the bay cities.

The California building is the first of its kind to grace an exposition. It is to be the official host building of the state and the exposition in addition to containing the displays of the California counties. It has been called a \$2,000,000 temple of hospitality, for there the women of the state, represented by the Woman's Board, and its county auxiliaries, are to act as hostesses, receiving and entertaining the distinguished guests who will visit the exposition in 1915.

DANSANT AT DEDICATION. Through the Woman's Board practically any woman in the state who desires to share in the duty of dispensing the hospitality of the state may do so. The social division of the building being the especial province of the women of the state, the Woman's Board is to observe the dedication with a brilliant reception and dance. The proceeds from the sale of tickets to the reception and dance, as well as from the reservation of tea tables for the afternoon will be devoted to the fund

for furnishing the building. This work is one of the principal tasks of the Woman's Board and in its completion will present one of the handsomest examples of artistic interior decoration to be found in the country.

NOTABLES AT RECEPTION. The members of the Woman's Board, the chairman of its county auxiliaries and the wives of all county and state exposition officials have been invited to act as hostesses at the reception and dansant among the society women of the bay counties. At present it includes the following: Mrs. George A. Pope, Mrs. Mountford Wilson, Mrs. Harry H. Scott, Mrs. Walter Martin, Mrs. John Drum, Mrs. Virginia Jolliffe, Mrs. Charles W. Clark, Mrs. William Hinkley Taylor, Mrs. Thos. B. Eastland, Mrs. Frederick McNear, Mrs. Samuel Knight, Miss L. Cooper, Mrs. Henry F. Dutton, Mrs. Gerald Rathbone, Mrs. James J. Felt, Mrs. Latham McNeil, Mrs. J. B. Crockett, Mrs. C. Frederick Kohl, Mrs. George A. Newhall, Miss Christine Donohoe, Mrs. H. D. Pillsbury, Mrs. Laura McKinstry, Mrs. P. C. Hale, Mrs. Albert L. Ehrman, Mrs. Laurence Irving Scott, Mrs. P. E. Bowles, Mrs. A. B. Black, Mrs. W. T. Semon, Mrs. J. A. Adams, Mrs. Frank L. Brown, Mrs. A. C. Posey and Miss Mollie Connors of the Oakland auxiliary; Mrs. Charles R. Lloyd of Berkeley; Mrs. Philip S. Teller of Alameda; Mrs. J. R. Souham of the Central Oakland auxiliary; Mrs. W. A. Aiken of Hayward; Mrs. Beach Soule of Piedmont; Mrs. Duane Kinsell of North Oakland.

AUXILIARY TO MEET. A meeting of the Oakland auxiliary has been called for next Monday afternoon at the Hotel Oakland, at which plans for the participation of its members in the reception and dansant will be discussed. Tickets to the affair are to be placed on sale at the hotel.

Governor Johnson will make his first public appearance at the dedication following his re-election. For the purpose of meeting him and of taking part in the dedication of the California building the Oakland Bar Association will go to the exposition grounds in a body.

In consideration of the interest that has been manifested throughout the state in the opening of California's particular building at the exposition the railroads have arranged for special reductions in rates from all parts of the state. Special trains are to be run to San Francisco on the 21st and the Key Route and other ferries will run boats direct to the exposition grounds.

OAKLAND BAND BILLED. A number of special entertainment features are in preparation for the reception and dansant which is to be an informal function and will immediately follow the formal dedication ceremonies. There will be exhibition dances by the favorites of the season's fashionable dancers and music is to be furnished by the Oakland municipal band and the Coast Artillery band from the Presidio. The California Grays, under the command of Captain Cyrus S. Voorhees, will act as a guard of honor during the reception.

The personnel of the Woman's Board of the exposition, under whose auspices the dedication ceremonies will be held, includes some of the foremost women of the state, as befits the functions which it will fulfill during 1915. In addition to occupying the position of official hostesses for the state and the exposition its members are actively engaged in the organization of a permanent Travelers' Aid Society, which will have its first usefulness in caring for the unaccompanied young women who visit the exposition; the organization of the county auxiliaries through which the women of every county are assisting in the presentation of their county displays at the exposition and in the preparations for the exposition social activities, and the furnishing of the California Building.

men who visit the exposition; the organization of the county auxiliaries through which the women of every county are assisting in the presentation of their county displays at the exposition and in the preparations for the exposition social activities, and the furnishing of the California Building.

OBJECT TO OLD SONGS. BOSTON, Nov. 12.—The old plantation songs, "My Old Kentucky Home," "Oh, Sunshine," "Massa's in de Cold, Cold Ground," are insults to the negro race, according to speakers, both negro and white, who appeared yesterday at a hearing before the school committee. As a result of their protest the committee voted immediately to withdraw from the schools a book of 49 songs recently compiled by the musical director. The objections to the songs were based partly on the use of the words "darker," "nigger" and "coon."

UGH! NOT CALOMEL, OIL OR SALTS, TAKE 'CALIFORNIA SYRUP OF FIGS'

Delicious "Fruit Laxative" Cleanses Stomach, Liver and Bowels.

A harmless cure for sick headache, biliousness, sour stomach, constipation, indigestion, coated tongue, sallow skin—take "California Syrup of Figs." For the cause of all such misery comes from a torpid liver and sluggish bowels.

A tablespoonful tonight means all constipation poison, waste matter, fermenting food and sour bile gently moved out of your system by morning.

without griping. Please don't think of "California Syrup of Figs" as a physic. Don't think you are drugging yourself or your children, because this delicious fruit laxative can not cause injury. Even the most delicate child can take it as safely as a robust man. It is the most harmless, effective stomach, liver and bowel cleanser, regulator and tonic ever devised. Your only difficulty may be in getting the genuine, so ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." This city has many counterfeit "Fig syrups," so watch out—Advt.

"DIVINE HEALER" SENTENCED. FREEPORT, Ill., Nov. 12.—John F. Braun, who called himself Rev. Dr. Schiller, divine healer, last night was sentenced to four years in the federal prison at Fort Leavenworth. Braun pleaded guilty to using the mails to defraud, but relieved his wife, Kat Braun, who was known as the Divine Healer, of any complicity in his acts. He had forced his wife to aid him in the law violations in spite of her objections, he said, and Judge Landis directed that she be found not guilty.

FARMSTEAD AT EXPOSITION. ST. PAUL, Minn., Nov. 12.—A novel farmstead, to cost \$25,000, will constitute Minnesota's exhibit at the Panama-Pacific exposition at San Francisco next year, instead of the formal building originally planned. This was made known today by the commission in charge of the Minnesota exhibit. All the buildings of a model Minnesota farm, actual size, will be included in the exhibit and the barns and sheds will be stocked with prize cattle, hogs and poultry from this state.

WEALTHY RANCHER KILLS AGED WIFE

Waits for Daughter With Shot-
gun and Fires as Woman
Enters.

BAY POINT, Nov. 12.—Peter Manning, an aged and wealthy ranchman of Bay Point, shot and killed his 83-year-old wife yesterday, mistaking her for his daughter. He had been waiting for his daughter, Mrs. J. Baggett with a shotgun, thinking that she was coming to rob him of his fortune.

He saw his daughter with a gun earlier in the day, he said, and was sure that she was going to kill him. He waited behind a door in his house and when a woman entered he fired, without waiting to find out who it was.

After the murder Manning went to Concord, where he cautioned his banker not to give any money to Mrs. Baggett. He then bought a few groceries and went into a saloon where a number of men were drinking, among them Deputy Constable Laveola. He bought drinks for the men, then told the constable what he had done and was taken to jail.

WOMAN GIVES HER BLOOD TO BROTHER

STOCKTON, Nov. 12.—Miss G. Withrow, studying to be a trained nurse, today gave up a large quantity of her blood in order to save the life of her brother, Clarence Withrow, a young farmer, who lost a leg as the result of a motorcycle accident near here a few nights ago.

The brother is unconscious, but the physicians believe he will recover.

The sister is also in a bad way, but her condition is considered that of weakness from the loss of two quarts of blood transfused from her to her brother. She is expected to be all right within a few days.

RAISE EMERGENCY FUND AT ROTARY LUNCHEON

The principal topic of discussion at the luncheon of the Rotary Club at Hotel Oakland yesterday afternoon, was the raising of an emergency fund by subscription from each of the members wishing to contribute.

John Smith gave an explanation of the purpose of the fund, which met with the approval of all and the question was referred to the committee to be discussed at length at a later meeting. Over \$1,700 was collected yesterday, some of the members contributing several hundred dollars.

DRAFT COMPULSORY EDUCATION BILL

Measure to Compel Every
Youth in the State to
Learn Trade.

SACRAMENTO, Nov. 12.—Compulsory vocational education in all the public schools of the state, both high and elementary, is planned in a bill, prepared by Dr. E. R. Snyder, State Commissioner of Vocational Schools, to be introduced at the coming session of the Legislature.

The measure is drawn to compel every youth in the state to learn some money-producing trade, no matter what his environment may be, and whether or not he may aspire to a professional or scientific life. It applies to girls as well as boys.

Made a part of the curriculum of both high and grammar schools, night as well as day schools, the proposed legislation arranges for the teaching of such arts as baking bread, taking care of babies, blacksmithing, millinery, carpentry, farming, cooking, bookbinding, printing, dairying and gardening.

"It is essential," says Commissioner Snyder, "that vocational education be introduced as far down as the seventh grade, because one-half of the school children leave before they are fifteen years of age, so that one-half of the home-makers and a large proportion of the skilled workmen are recruited from the elementary schools. The selection of vocations at an early age also will motivate school boys for many boys and girls who under the present system fall because they cannot see the relation of their school work to the world's work."

SAYS HIGH COST OF LIVING IS DUE TO IGNORANCE

NEW YORK, Nov. 12.—Ignorance on the part of housewives is responsible in large measure for the high cost of living, in the opinion of Mayor Mitchell's food supply committee, of which George W. Perkins is chairman. Perkins said that the women who are ignorant of the well-to-do are equally at fault, according to the report.

Young women employed in offices, stores and factories before their marriage have little or no practical training in the art of housekeeping, the committee finds. The same is true, it is held, of the daughters of prosperous families, where the mistaken notions prevail that it is not necessary for them to learn housekeeping.

The committee contends that extravagance and waste in housekeeping is due to women not trained for home-making leads to large and unnecessary drains upon the city's food supply.

EXAMINED FOR SANITY: WOMAN HALF STARVED

Instead of being insane Mrs. Mary Fuller, who was examined before Superior Judge Wells yesterday afternoon, was found to be half starved owing to her refusal to accept assistance from charity. The woman, who is 40 years of age, was found in her home at 615 Eleventh street apparently out of her mind. It developed that she had had nothing to eat for several days and suffered through lack of nourishment. It is probable that the case will now be called to the attention of Vice President McCall of the Woman's Protective Bureau, which is supposed to handle such matters.

CHINA HOARDING SILVER.
PEKIN, Nov. 12.—The hoarding of silver, a phenomenon which created the 1911 revolution, shows no signs of diminishing. On the contrary, at Shanghai the stocks in foreign banks now reach the enormous sum of \$40,000,000, with a constant tendency to increase, showing that all efforts of the Pekin government to win the confidence of the Chinese trading community still fail.

Sick Two Years With Indigestion.
"Two years ago I was greatly benefited through using two or three bottles of Chamberlain's Tablets," writes Mrs. S. A. Keller, 1209 Ohio. "Before taking them, I was sick for two years with indigestion." Sold by Osgood Bros. Drug Stores.

HENEY UP TO GRAND JURY

Prosecutor Hynes Gives Him Every Chance to Make Good His Charges

If He Can Give Any Facts County Censors Will at Once Prosecute Offenders

Francis J. Heney, summoned by the Alameda county grand jury, made his appearance at the courthouse at 2:30 this afternoon.

He was accompanied by two sleuths, a press agent and the correspondent of a San Francisco newspaper. Heney held a short consultation with Hugh Craig before entering the grand jury room.

Heney grew impatient when not called at once into the grand jury room and produced some of his alleged evidence in the form of a bundle of photographs purporting to be Chinese lottery houses operating in Oakland.

No tangible evidence, but surface indications only, were the basis of Francis J. Heney's assertion in a campaign speech in Oakland that given an appointment in the district attorney's office and his own grand jury, he would "wake Alameda county up" with an exposure of political iniquity.

Just what these surface indications were, except for the primary election frauds which have been common knowledge since discovery, was not divulged by Heney in his statement uttered last evening.

Calling Heney before the inquisitors was District Attorney Hynes' move to provide opportunity for the San Francisco sleuth to make good in his controversial assertions.

The subpoena was issued last night and served on Heney.

In his statement last night, when accepting service of the subpoena, Heney intimated that he would have something to tell the jurors, but his language was evasive.

'Please Send Fair Day for Big Game,' Is Prayer of Co-ed

(By FATHER JEROME S. INCARD.)
SANTA CLARA UNIVERSITY, Nov. 13.—I do not expect rain tomorrow afternoon, though the indications are that the weather will be partly cloudy. My predictions for this month call for disturbances today and the 15th, but not tomorrow.

South winds, the gloomiest of skies and unfavorable weather predictions combined today to throw a pall of apprehension on the 16,000 people who have purchased seats for tomorrow's annual football struggle between California and Stanford.

No matter what the weather conditions will be tomorrow there will be no repetition of the mud battle at Berkeley two years ago, for California field has been tilled since then, but from the standpoint of the spectators on unprotected bleachers the prospect of rain holds forth anything but joy.

If old J. Pluvius is mean enough to be among those present tomorrow thousands of elaborate gowns and bewildering millinery creations, prepared weeks ago, will remain among the moth balls, and thousands of dainty handkerchiefs will be dabbed against thousands of pretty eyes to brush away the tears of disappointment.

Rheumatic old "grads" of '14 can't afford to sit wet bleachers and act as a blanket for raindrops; nor do the romantic co-eds display great enthusiasm when their coiffures become wet and mussed, their feet become cold and the draining from the umbrellas behind them find a cooling place between their shoulder blades.

Even the rooting sections find it easier to cheer when they don't have to swim at the same time.

There will be many an anxious eye turned weatherward early tomorrow morning.

Brig. Gen. Hugh Scott Made Chief of Staff

WASHINGTON, Nov. 13.—Brigadier-General Hugh Scott was selected by President Wilson today to be chief of staff of the United States army upon the retirement next Monday of Major-General Wetherston. The vacancy of major-general created by the retirement of General Wetherston will be filled by the nomination of Brigadier-General Frederick W. Tunstun, now in command at Vera Cruz.

Brigadier-General Tasker H. Bliss will become chief of the mobile army division and upon the retirement of Major-General Murray on April 29, 1915, General Scott will be appointed a major-general.

Election Race Cost J. B. Curtin \$1685

SACRAMENTO, Nov. 13.—It cost John B. Curtin \$1685 in his race for governor at the November election. His affidavit of expense filed today states he contributed \$1390 to the Democrat state committee and spent at hotels and for railroad fares \$295.

Joseph V. Snyder, his running mate for lieutenant governor, spent \$659.50 of which \$52.50 went for exhibition of picture slides of himself in moving picture house. Clinton P. Moore, prohibition candidate for governor spent \$60. John J. Mitchell, elected to the board of equalization, none; James T. Matlock Jr., who endeavored to beat Raker for Congress, \$339.69; E. H. Hart, \$715.11 for Congress.

N. Y. Stock Exchange to Resume Business

NEW YORK, Nov. 13.—The New York Stock Exchange probably will resume regular business with the beginning of the New Year unless unexpected obstacles are encountered. This statement is made on high authority and is the result of a series of conferences recently held between officials of the exchange and leading financial interests of the country.

It appears to be unanimous opinion of the financial community that nearly all of the difficulties in the domestic situation have been overcome and the recent decline of exchange on London with easier discounts there indicates greater confidence in that quarter.

BOWLES IS FREED OF CHARGE

Police Judge Dismisses Case Against Banker's Son

Supreme Court Decision Prevents Prosecution for Girl's Slayer

George McNear Bowles, son of President P. E. Bowles of the First National Bank, was given his freedom today by Judge Mortimer Smith in dismissing the case of manslaughter filed against Bowles for running down and killing 10-year-old Leona Percival at Forty-ninth street and Broadway October 7. Judge Smith declared that he was compelled under the law to dismiss the charge in view of decisions of the Supreme Court and the Superior Court bearing upon the matter.

It is probable that there will not be a civil suit, as it is intimated that the matter will be settled privately between young Bowles and the parents of the child.

Judge Smith declared today that it is unfortunate that there is no ordinance to force in the city of Oakland that compels automobile drivers to stop when approaching a stopped street car. The accident which resulted in the death of the little girl could not have occurred had there been such an ordinance rigidly enforced.

Prosecuting Attorney Ezra Decoto stated in court that there was no recourse but to dismiss the case, as the law of the state of California as interpreted by the Supreme Court would not warrant holding Bowles, and it would be impossible to convict him.

NO PENAL OFFENSE

Under the law, as explained by Judge Smith, it is not a material fact in the case whether Bowles was exceeding the speed limit or not. Any violation of ordinance or law as to speed is not a crime, but is merely a civil offense, and is not of itself a crime, as it is not a violation of the penal code. Expressed in legal terms, as quoted by Judge Smith from the Supreme Court decision in the case of People vs. Pearne, 118 Cal., the court held that an act that is merely "malum prohibitum" is not an unlawful act within the meaning of the provisions of the section of the penal code defining manslaughter.

In this case a man

House of Commons' Estimate Provides for Another Million

British Casualties to October 31 Approximately 57,000

By Associated Press.

LONDON, Nov. 13, 4:45 p. m.—The announcement of the introduction into Parliament of a measure to vote a credit of £225,000,000 (\$1,125,000,000) was issued officially this afternoon. The money is intended to cover the naval and military expenditures which may be incurred before March 31 and all expenditures which may be necessary to meet trade or other abnormal conditions created by the war.

This sum, added to the previous credits voted by Parliament, brings the total of credits to £325,000,000 (\$1,625,000,000).

LONDON, Nov. 13, 11:59 a. m.—A supplementary estimate to provide for another million men required by the British government during the year ending March 31, was introduced in the House of Commons today. This brings the total army, not including the territorials, to 1,155,400 officers and men.

The British casualties in the war up to October 31 were approximately 57,000 men of all ranks. This estimate was given by Premier Asquith in the House of Commons today, in reply to a question by Edward T. John, member of the House from East Denbeshire.

John also desired information as to the government's proposals as to the final conditions of peace, the effective estab-

German Submarine Is Sunk by French Boat

By Associated Press.

PARIS, Nov. 13, 3:55 a. m.—A special dispatch from Constantinople states that a French torpedo boat sank a German submarine off Westende, Belgium.

The submarine, it appears, was trying to torpedo the French warship when the latter's commander caught sight of her periscope, put on full speed and charged down on the enemy, which disappeared. A large quantity of oil rose to the surface, marking the spot where the submarine sank.

The torpedo boat received only slight damages and returned to port for repairs.

GERMANS CLAIM VICTORY; 1800 MEN PRISONERS

EIGHT AEROPLANES IN DUEL; GERMAN OFFICERS ARE KILLED

PARIS, Nov. 13, 4:11 p. m.—A thrilling encounter between eight aeroplanes—four German and two British—occurred in the vicinity of Ypres. The German machines were destroyed finally by artillery and the eight officers they carried were killed.

The Germans were seen approaching to reconnoiter the lines of the allies. The French and British aeroplanes immediately ascended to meet them. For some time the air crashed about each other.

Suddenly the four allied aeroplanes made a swift dash toward their trenches and were followed by the Germans, who, too late, discovered the peril and perceived the situation only when shrapnel burst about them. In a few minutes the four German aeroplanes crashed to earth.

Conflicting reports came today from the opposing sides on the main European battlefields. From the German military headquarters came official announcement of important successes. The French war office said that the battle in Belgium was becoming less violent and that the German advance had made no further progress.

The Berlin official statement refers to heavy fighting on the Belgian sea coast, near Nieupoort, where, it is said, German marines have inflicted heavy losses on the enemy. At Ypres, to the south near the French border, claim is made to another German victory with the capture of 1800 prisoners. Several French attacks at other points along the battle line are reported.

Nothing of this character is hinted at in the statement of the French war office in which it is said that the German attacks near Ypres and elsewhere have been repulsed, and that the allies have advanced in a few localities.

Particular interest was attached to today's French announcement for the reason that the battle in Belgium was considered by both sides as probably marking a definite turn in the general course of the war.

GERMAN AIRSHIPS OVER ENGLAND.

By Associated Press.

BERLIN, Nov. 13.—(By Wireless.)—According to information given out to the press today in official quarters, German aviators have flown over the English seaports of Sheerness and Harwich.

Sheerness is a fortified seaport in Kent at the mouth of the Thames. It is about forty miles from London. Harwich is in Essex and about seventy miles northeast of London.

Turkey Admits Loss of Three Transports

By Associated Press.

LONDON, Nov. 13, 4 p. m.—An official dispatch from Constantinople, reaching London by way of Berlin, confirms indirectly the recent Russian statement that a Russian fleet has sunk three Turkish transports in the Black Sea.

The Constantinople report admits that there has been no news of these three ships since they left the Turkish capital a week ago. It adds that as the vessels were near Soudak on the Black Sea, the day this place was bombarded, it is possible that they were attacked by the Russian squadron.

Leaking Ship Beached and Crew Is Landed

By Associated Press.

BLLENHEIM, Ont., Nov. 13.—The steamship Colonial, leaking and in a sinking condition, was beached at Parlos, seven miles from here today. The crew was landed safely. The vessel is resting on a sand bar 200 yards from shore. The Colonial, which is owned by the Reid Wrecking Company of Sarnia, Ont., was bound from Oswego to Milwaukee with a cargo of coal.

TO-DAY'S WAR DEVELOPMENTS

The French statement today asserted that several attempts of Germans to cross the Yser canal, around which has occurred some of the most deadly struggles of the war, were checked. These attempted advances were made at the western outlet from Dinand, which the Germans wrested from the allies a few days ago, and the way along which the Germans sought to push their forces led straight to Dunkirk in the channel. Attacks around Ypres also were repulsed, the French announced.

Elsewhere on the main line of battle gains by the allies are reported, including the capture of a town north of the Aisne.

At several points violent fighting is in progress, a circumstance which corroborated earlier unofficial advices from Paris that the battle of the

Friday THE 13TH

HERE'S WHAT HAPPENED WHEN HOODOO HIT TRAIL TO-DAY

Both at Stanford and Berkeley, where thousands of undergraduate students are keyed up to a nervous pitch of excitement by tomorrow's big game, today was fraught with foreboding and apprehension. Even the non-superstitious were impressed with the fear that the combination of Friday and the thirteenth of the month coming on the eve of the annual struggle, might bring misfortune to one or the other of the rival camps.

Especially was the fear expressed that some member of the team might fall within the shadow of the fane and suffer an accident that would deprive the university of his services. Whether the two coaches shared this feeling is not known, but the fact remains that there was no practice staged on either campus and no chance of injury or mishap was courted by any one.

Guards were doubled on each campus and at Berkeley hundreds of undergraduates watched the various relics and legendary trophies of California. The big "C" will be watched all night by 500 students, but there is a fear nevertheless that Stanford enthusiasts will manage to daub the hated cardinal paint on some portion of California's soil.

Many of the fraternity houses on the Stanford campus displayed weird contrivances for warding off the evil. In some of the houses, burning punks, nodding Chinese josses and amazing concoctions in the refreshment-line were all made use of liberally.

CHRISTIAN IS WARY

Tyler Christian, boss of the Oakland baseball club, had arranged to start today on a month's hunting trip in Oregon, but discovered late yesterday that he had chosen a promptly ducked out on last night's train.

LOTTERY IS UNLUCKY

Thirteen police officers in plain clothes wandered through the Chinese section of Oakland today seeking devices of the great goddess of Chance. They were looking for a lottery ticket, which ought to be a bad day for those who love the Chinese lottery game and paint the spots on the artistic little ticket. So they waited.

Fred Smith, a boxmaker, failed to look at the calendar, and thought he would try his luck. As he left the lottery house he was placed under arrest by one of the "13" squad on a charge of visiting a lottery house.

Wiley G. Lytle, a laborer, purchased a lottery ticket. A policeman thought he looked "suspicious" and searched him. Lytle, instead of drawing the lucky "nine spot," drew a ride to the city prison, was booked on line 13 of the police blotter and with several other "lottery lovers" was placed in cell No. 13 in the jail. The same fate befell the following possessors of unlucky numbers in the Chinese lottery: Oscar Lehman, carpenter; Henry J. L. laborer; Harvey Byrd, machinist; Harold Anderson, carpenter, and George Coombs, printer.

France Spends Daily \$6,000,000 on War

By Associated Press.

BORDEAUX, via Paris, Nov. 13, 4:15 p. m.—The cost of war to France in November was \$182,154,504, a daily average of more than \$6,000,000. The daily average for the first three months of the war was \$7,000,000. The navy received an extraordinary credit of \$55,000. The government will disburse immediately \$17,000,000 for repairs to the railroad systems. These probably have been made necessary by the wear and tear due to the transportation of troops. The sum of \$134,000 has been set aside for the relief of the unemployed, while various smaller sums will be used to relieve suffering in localities invaded by the Germans, but which are now free of the enemy.

Kaiser Establishes New Headquarters

By Associated Press.

LONDON, Nov. 13, 3:25 p. m.—This information reaches The Home in a telegram from Berlin which reads as follows: "Emperor William has now established his headquarters at Spa, and he has invited to his daughter-in-law and his sons, including the crown prince, to come to Coblenz and visit him. Two Zeppelin aeroplanes, armed with heavy machine guns, are continually circling over his majesty's private apartments."

Oakland Man Hurt in Livermore Accident

Albert Feltz of Oakland, who was the victim of an automobile-motorcycle accident near Livermore last night, is a patient at the Stockton Emergency hospital today. Feltz says that he remembers nothing after mounting his machine at Livermore. He says he was run into by an automobile and the machine passed over his motorcycle and himself without stopping to ascertain the damage done.

GERMAN WARSHIPS AT VALPARAISO

NAVAL FIGHT VICTORS IN PORT

Leipzig and Dresden Take on Provisions at Port of Valparaiso.

VALPARAISO, Chile, Nov. 13.—The German cruisers Leipzig and Dresden steamed into Valparaiso harbor this morning and at once started taking on supplies of provisions.

LIMA, Peru, Nov. 13.—The warship on the light house at Port Corral, Chile, reports that on Wednesday, November 11, it saw six cruisers steaming south. His opinion was that they were German cruisers. He could not identify them definitely, but believed that the Scharnhorst, the Gneisenau and possibly the Leipzig were among them. Port Corral is 47 miles south of Valparaiso. The above information was received here today by telegraph.

The German cruisers which participated in the naval engagement November 1 off the coast of Chile with an English squadron were the Scharnhorst, Gneisenau, Leipzig, Bremen and Nürnberg. After this engagement the Scharnhorst, the Gneisenau and the Nürnberg put into Valparaiso, but stayed only a short time, going to sea again November 4.

A dispatch received two days ago from Lima said a steamer arriving at Talait, Chile, had reported four German warships steaming north along the Chilean coast.

A cablegram from Montevideo last night made reference to the Japanese cruiser squadron in the Pacific, reported to have been off Easter Island, about 2000 miles west of Chile, some ten days ago, saying this squadron consisted of eight vessels.

The British battleship Canopus and the cruiser Defense were reported a week ago as having passed through the Straits of Magellan, bound west, to join the battle cruiser New Zealand.

JAPAN SQUADRON REPORTED.—A later dispatch from Valparaiso just night said it was reported that a Japanese squadron had been sighted off Cape Carranza, 250 miles south of Valparaiso. It was on Cape Carranza that a British warship was reported to have gone ashore after the naval engagement, but no trace of the vessel was found.

This morning the long missing German cruisers Leipzig and Dresden arrived at Valparaiso. Nothing definite has been heard of these ships since the action on November 1. In the reports of the sea fight and subsequent developments the cruiser Dresden and the German cruiser Bremen have been confused. In official and unofficial reports each vessel has been described as the fifth member of the German squadron participating in the engagement, but

RUSSIAN AGGRESSIVE TURNS GERMAN ATTACK

By Associated Press.
LONDON, Nov. 13.—A Petrograd dispatch to the Post, dealing with the failure of the German plan, says:

"Three weeks ago the Germans planned to occupy Poland up to the Vistula, wintering in Warsaw and Lwow. They even brought threshing and reaping machines with them to gather the Polish crops, and there were other indications of a prolonged stay. While established on the Vistula they were to assist Austria to recover Galicia.

"Unfortunately the Russian commander also had plans which he carries forward with iron rigidity, and it is believed that Russia is preparing to move on a wide front into Germany when the time comes. This front has still a considerable extent of German territory to recover before it gets into line for this advance.

The correspondent comments on Russian aggressiveness as applied to the war. He says a battle, which has already been described, an invasion by Prince Olsenburg has been of inestimable service in the West. It is a great vessel capable of holding 200 gallons of soup. It is easily and quickly moved and from this basis is to be used for 1500 men the moment they are brought in from the battlefield and makes a wonderful difference in the chances of life for the badly wounded.

The inventiveness of the Russians is also displayed in improved sighting appliances for the guns, making the Russian artillery most deadly. These appliances, adds the correspondent, would have been adopted by France except that the matter of cost and time militated against their immediate use by the French artillery.

There is no report here both vessels been mentioned. There is accordingly some doubt as to whether the Bremen or the Dresden was the vessel which the reports meant to describe.

TOPEDO BOATS BATTLE.
By Associated Press.
LONDON, Nov. 13.—A dispatch to the Morning Post from Stockholm, says the captain of the steamer Norden, which has just arrived there, declares he was warned by a German torpedo boat to steer a wide course from the vicinity of Gleders lighthouse on the southern end of the island of Laland, in the Baltic, as a battle between Russian and German torpedo boats was in progress. The captain also reports, according to the correspondent, that he heard sounds of heavy firing.

It is rumored among shipping firms in London that the German cruiser Karlsruhe has been cornered.

REPORT SQUADRON SEEN.
By Associated Press.
VALPARAISO, Nov. 13.—It is reported that a Chilean collier has seen a Japanese squadron off Point Carranza.

LINER INTERFERED.
By Associated Press.
NEW ORLEANS, Nov. 13.—Twice chased by cruisers, the Hamburg-American liner Macedonia, which sailed from here August 24, supposedly laden with coal for the German cruiser Karlsruhe, is interned at Las Palmas, Canary Islands, according to a letter received here today. The whereabouts of the Macedonia have been a mystery for more than two months, as the vessel had not been reported since shortly after she slipped out into the gulf on her mysterious mission.

The letter, which its recipient declares is from Captain Kunster of the Macedonia, says that off the South American coast the liner escaped a French cruiser and again a second cruiser, whose identity was not discovered.

FIND NO BRITISH SHIPS.
By Associated Press.
LIMA, Peru, Nov. 13.—The two hospital ships sent out by the Chilean government to search the vicinity of the recent naval engagement between British and German cruisers have arrived in Coronel and report that they found no trace of any vessels which took part in the battle.

BERLIN REPORTS YSER SUCCESSES

700 Prisoners Taken After Big Battle in Which German Marines Figure.

By Associated Press.
BERLIN, Nov. 13, by wireless to London, 3:11 p. m.—German military headquarters today gave out an official communication as follows:

"In the Yser campaign at Neupont our marines have inflicted heavy losses on the enemy and we have taken 700 prisoners. During our attacks on Yper, which have progressed favorably, another 1100 prisoners have been taken.

"Fierce French attacks to the west and east of Soissons have been repulsed with heavy losses to the enemy.

"On the East Prussian frontier at Eyckhausen and a further south to the east of the outlet of the Mazurian lakes, fresh battles have developed, but no decision has been reached.

TURKS ATTACK RUSSIANS.
"Reports received here from Constantinople set forth that the Turkish army in the Caucasus is attacking the Russians on the second line of defense. An artillery engagement near Koshkory on November 8 last lasted all day long.

"The Persian, Afghan, Egyptian, Indian and Mohammedan elements in Constantinople have declared the community of their interests. The Sunnites and the Shites (two opposing religious sects) are now for the first time ready for joint action.

"The Vossische Zeitung reports that Rumania has declined a demand made by Russia for the passage of Russian troops through Rumanian territory.

"The London Times has published a statement to the effect that the British government has undertaken legal action against certain Irish newspapers for having opposed recruiting in Ireland.

Official reports reaching here from Vienna are as follows:

"In the eastern arena of the war the pursuit of the enemy was continued yesterday along the entire front, in spite of incessant fighting with the rear guards of the enemy, who occupied especially prepared entrenchments. Generally speaking the heights to the east of Ostschina, Marktschacht and Novoselo, on the River Save, have been reached. The enemy is in full retreat in the direction of Kotschaljeva and Valjevo, where, according to reports from Austrian aviators, many thousands on trains have been cut off.

"In addition to war material previously captured, we have secured possession of fourteen ammunition wagons, several ammunition and hospital depots, tents, etc. We have made numerous prisoners, the exact number of which has not yet been ascertained.

"Apart from the cavalry fighting, in which we were successful at Kotschaljeva against a Russian cavalry corps, no important fighting took place yesterday in the northeastern arena of the war. We repulsed one of the enemy's most serious attempts, the enemy was endeavoring to obtain information of our movements.

"A report from Constantinople, translated literally, reads as follows: "With God's help the enemy has been forced to evacuate his positions and is retreating along the entire front, pursued by us on all sides."

ishment of international law, the cessation of competitive military expenditure, and so forth.

Premier Asquith, in reply, gave the British cabinet and added that he was not in a position to estimate the losses of the other allied powers or those of the enemy. He referred Mr. John to his recent speeches on the other questions raised.

ASQUITH TO ASK SANCTION.
By Associated Press.
LONDON, Nov. 13.—It is reported in the parliamentary lobbies that Premier Asquith will on Tuesday ask Parliament's sanction for the raising of 1,600,000 additional troops for the purpose of the war, thus bringing the total up to 2,000,000 men.

Much interest is shown in the financial side of the war. It is understood that the government intends to issue a war loan of \$1,000,000,000 or more, probably at 4 per cent, and redeemable within ten years. It is estimated that Great Britain is spending \$250,000,000 weekly on the war, and in addition to the war loan the government proposes to raise a further \$250,000,000 by increasing the income tax to half a crown on the pound. This would provide for the next expenditure till March, the end of the financial year.

Field Marshal Lord Roberts of Kandahar is going to France. The official announcement making this fact public says the famous general is going into the war zone "to see the Indian troops." Lord Roberts was born in Cawston, India, 32 years ago.

Rebels Under De Wet Defeated by Botha.
By Associated Press.
LONDON, Nov. 13.—An official Pretoria dispatch received by Reuters Telegram Company says that General Botha came into contact with the rebel General De Wet's command 24 miles east of Winburg, Orange River Colony, after a forced march. The rebels were severely defeated, 250 being taken prisoners.

An official dispatch from Lieutenant Colonel De Vandeveer concerning the defeat November 5 of a force of German and Boer rebels at Zandfontein, near the southern border of German Southwest Africa, was received here today. According to the report, the Union forces inflicted a loss of 120 killed or wounded, and captured 25 men. The Union loss was 12 men killed and 11 wounded.

"Our officers and men who were killed," the report says, "with some exceptions, were shot with dum-dum bullets and suffered frightful wounds."

AUSTRIANS IN VICTORIOUS ATTACKS

Russians Forced to Retreat in Stry Valley; Suffer Heavy Losses.

By Associated Press.
BERLIN, Nov. 13 (by wireless).—The only news reaching Berlin of the Russian operations comes from Vienna, whence it is reported that the Austrian operations in the Carpathians are developing without hindrance from the enemy. The Russians have advanced through the region of Central Galizia, voluntarily evacuated by the Austrians, and have crossed the lower Vistula, occupying Rzeszow and the Liscow district. The fortress of Premysl again is invested by the Russians, but Russian forces in the Stry valley were forced to retreat with heavy losses by a surprise attack from an Austrian armored train and Austrian cavalry.

The campaign in Northwestern Serbia is proceeding successfully, the Austrian reports declare. The heights of Misar to the south of Shabatz were captured November 10, the Austrians forcing the Serbians to abandon their strongly fortified positions. The Austrian line has advanced to the eastward of Lomnica and Croupan and continues to move forward. The heights to the eastward of Javits have been captured. The Austrians have captured 15 machine guns and 4300 men, captured in the operations between November 1 and 11.

AUSTRIANS ANNihilATED.
By Associated Press.
LONDON, Nov. 13.—A message from Bucharest, according to an Exchange Telegram dispatch from Vienna, says that two Austrian divisions have been annihilated along the River Pruth, while a small Russian force made a frontal attack, the main force invaded Bukovina from the south, cut off the Austrian retreat and delivered an attack from the rear.

DEFEATED BEHIND KALIZ.
By Associated Press.
PARIS, Nov. 13.—According to a Petrograd dispatch to the Mail, the Germans suffered a severe defeat behind Kaliz, losing twelve heavy guns and leaving many dead on the field.

TURKS TWICE REPULSED.
By Associated Press.
PETROGRAD, Nov. 13.—The following communication from the general staff of the Russian army in Caucasus dated 7:11 a. m. was made public today.

"The attacks of the Turks on our positions at Koprul, November 11, were repulsed with great losses to the Turks. A Turkish column which attempted to turn our left wing was subjected to the crossfire of our artillery and was impetuously attacked by our infantry. The Turks fled into the mountains in complete disorder, pursued by our cavalry.

"On November 9 the Turks were attacked and defeated in Kharosur Pass on the road from Azerbaijan to Van. They retreated in disorder, leaving behind them their dead and wounded."

CAVALRY ON OFFENSIVE.
By Associated Press.
BERLIN, Nov. 13, by wireless.—According to official announcement given out in Berlin today news received from our eastern frontiers shows that matters are proceeding favorably. The Russian cavalry forces which were defeated previously with heavy loss in the vicinity of Kolo, forty miles northeast of Kaliz, Russian Poland, resumed their offensive movements and driving to the southward were again repulsed to the east of Kaliz. This, the announcement says, removes any possible danger of an invasion in Silesia.

OFFICERS ARE PRISONERS.
LONDON, Nov. 13, 8:40 a. m.—A telegram from Vienna states that 731 officers and 79,314 men are prisoners of war in the Austrian concentration camps, says an Amsterdam dispatch to Reuters Telegram Co.

"The enemy's wounded are being treated in our eastern hospitals," the telegram says, "while the officers who are prisoners are interned in castles and in great private houses and the captured men in great barracks."

University Professors Killed on Battlefield.
By Associated Press.
BERLIN, Nov. 13, via The Hague and London, 9:15 a. m.—The newspapers printed yesterday and today the obituary of four university professors who have just fallen in battle, showing how largely university people are participating in the active fighting.

The fallen men are Heinrich Hermelink, professor of church history at Kiel; Ernst Heldrich, professor of art and history at Strassburg; Ernst Stadler, professor of German philology at Strassburg, and Professor Frick, the head of the Hanover Menden Forestry Academy.

Frau Delbrueck, wife of the Minister of the Interior and Vice-Chancellor Clemens Delbrueck, is dead.

Count Matthias Brodowski, Mieszynski, the ex-member of the Reichstag, who shot his wife and nephew in his castle near Graetz in February, has received the decoration of the Iron Cross of the first class for valor in the battle of Augustow.

The Mieszynski tragedy, the result of a love affair, caused a sensation at the time of its occurrence. The count was tried on a charge of manslaughter, but was acquitted.

Commander-in-Chief Duff's Son Killed.

LONDON, Nov. 13, 1:20 p. m.—Captain Beauchamp Oswald Duff, a son of the commander-in-chief of the army in India, Sir Beauchamp Duff, has been killed in action. The captain was an officer of the First King's Own Gurkha Rifles.

FINAL OUTCOME NOT IN SIGHT

Victory Depends on One Side Wearing Down Enemy's Resistance.

By Associated Press.
LONDON, Nov. 13, 2:05 p. m.—The territory captured and lost since the two opposing forces joined issue nearly a month ago in the Flanders cockpit could almost be covered by a surveyor's chain. Despite the limitations of the field and the intensity of the fighting both sides still breast one another in an unbroken barrier along the Yser. Day by day and foot by foot the advance and retreats are hotly contested, and still the final outcome is not in sight. To observers in London it seems that victory depends largely on which side will first be able to wear down the resistance of the other.

The apparent inability of the Germans to push their recent success at Dixmude to a decisive issue has removed most of the anxiety that was felt in London when the news of the capture of this village was first received. As three weeks ago when the Germans made their initial crossing of the Yser, they have again been thrown back, and English observers reading the sterile official British and French announcements, glean the impression that the lost ground soon will be regained.

The suggestion that the German attack on Dixmude was primarily intended to mask a retreat finds no support here and the theory that the invaders contemplate anything but the extensive retreat from Belgium is accepted by few people in London.

The best opinion is that even if the present battle should develop as to enable the allies to take the offensive in force, the enemy would find themselves face to face with the fortress-like entrenchments stretching from Zeebrugge to the Meuse.

The fighting on the Alsne seems to have resumed its original intensity simultaneously with the German assault on Dixmude, but this region the French claim to have checked all the attacks of the enemy and consolidated their previous successes.

90,000 Germans Die on Yser, Allies Hear.
By Associated Press.
LONDON, Nov. 13.—Telegraphing from the north of France, under date of Thursday, the correspondent of the Times says:

"According to German officers who have fallen into the hands of the allies, about half a million men were fighting against the allies at the beginning of the great battle on the Yser.

"These officers put the German casualties at 90,000. In one case a regiment of infantry made up from the marine service and which was strong had only 30 men left. Five generals were killed and the losses among the officers were extraordinarily heavy."

Japan Troops Prepare to Enter Tsing-Tau.
By Associated Press.
NEW YORK, Nov. 13.—The East and West News Bureau made public today the following dispatch from Tokio:

"The formal meeting of the commander-in-chief of the Japanese army, Lieutenant General Kamio and Captain Meyer Waldeck, former Governor of Tsing-Tau, occurred on November 10, at the Mokito barracks.

"Captain Waldeck will go on board a transport bound for Japan on the 14th. The total number of prisoners taken is 5000. The ceremony of entry by the Japanese troops into the city of Tsing-Tau is expected to take place on the 16th."

TSING-TAU'S FALL IS REPORTED TO KAISER.
By Associated Press.
BERLIN, via Amsterdam and London, Nov. 13.—The governor of Tsing-Tau, capital of the German colony of Miao-Chow, China, has sent a cablegram to the German Emperor through the Japanese Legation at Peking, under date of November 9, in which he says:

"After exhausting all efforts, the fortress, which was stormed, was broken through in the center and fell. The fortress and town were badly damaged by the fire from the howitzers and a strong bombardment from the sea.

"Our artillery was completely overcome. The losses have not yet been ascertained, but in view of the heavy fire are less than we expected."

SHIP CAVALRY HORSES.
By Associated Press.
WALLA WALLA, Wash., Nov. 13.—About 150 cavalry horses bought by the agent of the English government were shipped out of Walla Walla this week and a local farmer has been commissioned by the French government to buy several hundred more. Prices range from \$90 to \$125.

An Overcoat Sale that Will Make History

THIS National Sale has been inaugurated to convince you beyond quibble that the strength of the largest tailoring organization in New York devoted to high-grade garments is strong enough to offer you a real cash-in-hand benefit.

BENJAMIN GLAMORGAN
ALFRED BENJAMIN & ASSOCIATES CO., NEW YORK

Demonstration Overcoat
Full-lined with Serviceable
Cedar Cliff Silk

Standard price, \$30
Special at . . \$25

is new, and exclusively a Benjamin model. Cut on generous lines, yet so perfectly proportioned, it has none of the "hang-dog" bagginess of the average loose coat.

Fashioned of fine American Melton in Oxford gray, with full lining (including sleeves) of heavy, serviceable Cedar Cliff Silk, the Glamorgan is distinctive in that it satisfies your every need for both business and dress service.

It is the coat you have seen illustrated and described in the Saturday Evening Post of November 7th—the coat that expresses youth, yet has sufficient dignity to honor "years of discretion."

Thirty-five dollars would be a just price for the coat; at thirty it would be very good value; at twenty-five it is simply a bargain—no other word fits it so exactly—a bargain!

'I'M SAVING FOR CHRISTMAS'

"I Can Because I Buy My Clothes on Credit!"

"I like this new fur-trimmed military suit of mine tremendously, don't you? It's what they call the 'military' style, and I think it's just awfully smart and specially fascinating because it's the 'very latest'."

"Cherry's have them in blues of several tones and the stunning new browns and that popular shade called Russian green, and black, of course. And they're made to fit sublimely!"

"But it's a dress you're wanting for afterwards and the theater, isn't it? Well, at Cherry's I saw velvet and silk combination effects, one-piece dresses, and stunning Redingotes—fancy them for sale on credit? I thought you'd find it hard to wait. Now here are their addresses—put them in your pocket: 515 Thirteenth street, between Washington and Clay is the ladies' store; 528 Thirteenth street is their men's clothing store. The San Francisco stores are at 1009 Market and 2409 Mission streets."—Advt.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot hurt. It makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

LEAPS SEVEN STORIES TO DEATH

San Francisco Man Hurtles Through Air From Hotel Window.

SAN FRANCISCO, Nov. 13.—Choosing a horrible method of self-destruction, S. D. McAllister, a mechanic, jumped from the seventh floor of the Hotel Morton, 293 Third street, at 5:15 this morning, and was dashed to death on the cobble pavement below. McAllister had evidently carefully planned his suicide and seized the first convenient opportunity to carry his scheme into effect. He applied at the office of the hotel shortly after 9 o'clock requesting a room on the top floor, so as to get better air, he said. The proprietor, Joseph Taconfontaine, escorted him in person to No. 705, right next the roof. The proprietor requested McAllister to accompany him to the office to register.

"I will be down in a moment. I want to write a check for a week's rent," he explained.

LEAPS FROM WINDOW. Hardly had the door closed on Taconfontaine before McAllister threw up the window, stood upon the sill, balanced himself a moment and then plunged head foremost into Howard street. His body struck the pavement with a sound which could be heard for half a block in each direction, his fall being accompanied by the shrieks of a number of passers-by who caught sight of him as he was hurtling through the air. When witnesses reached his side he was already dead, but a call was sent in for an ambulance and the steward decided to convey the body to the Central Emergency Hospital.

There he was recognized as a patient who had been sent repeatedly to the city and county hospital and it is presumed that dependency over ill health caused him to kill himself. He was about 35 years old, but nothing has been learned of his relatives. He left only a cane which he carried to the room at the Morton hotel. He jumped from the window fully clad, even wearing his hat. Nearly every bone in his body was broken, his skull crushed and his face disfigured by the plunge.

Wedded Three Years, Wife Is Divorced in Just Three Minutes

LOS ANGELES, Nov. 13.—Breaking all recent records for speed in the local divorce court, Mrs. Harry Sturgeon, one of the most beautiful young matrons in Los Angeles society, won a divorce in just three minutes.

Her suit was unique among divorce proceedings, for all testimony and examination consumed just 180 seconds, and only one witness, Earl Rogers, the noted attorney, was called.

The suit, which in three minutes wrecked a marriage of three years, was a distinct surprise to the many friends of the Sturgeons, as their marriage had been regarded as an ideally happy one. Attorney Sturgeon, however, secured her interlocutory decree, she probably will leave the city within a few weeks to return to her Sausalito home, where she will live with her mother, Mrs. R. F. Glenn. At present she is visiting friends in Hollywood.

BOWLES INNOCENT OF MANSLAUGHTER

Charge Is Dismissed, No Hope Being Held of Convicting.

(Continued From Page 1)

had killed a pedestrian while driving recklessly, at reckless speed, in violation of an ordinance and while under the influence of liquor. He was convicted of manslaughter, but the decision was reversed on appeal to the Supreme Court.

To the layman the law in the matter would appear to mean that unless it can be proved that an auto driver deliberately ran down a person after realizing the danger to the person and the results bound to occur, no charge of manslaughter could hold.

Judge Smith quoted this case, the recent case of manslaughter against Harry Bowles, which was dismissed by Judge Ogden. The case of People vs. Stephenson and People vs. Carmichael, all of which were similar in some ways to that under examination, and declared that he was compelled under the law to dismiss the charge. In the Stephenson case the charge was dismissed, although Stephenson was drunk and on the wrong side of the street.

"It is impossible that a conviction could be obtained in the Superior Court," explained Judge Smith, "and I am compelled to dismiss the charge." Bowles was represented by Attorney M. C. Chapman in the preliminary examination. There has been some criticism of Chief Petersen for causing a complaint to be filed against Bowles before the coroner's jury had acted upon the matter at the inquest. The coroner's jury exonerated young Bowles, but the police had already filed charges against him. It has been the usual custom in the past for the police to await the decision of the coroner's jury and base their action upon it.

BASEMENT ROBBED. A thief last night broke into the basement of the homes of J. J. Waugan, 408 Market street, and Walter Lee, 414 Market street, where he obtained articles of small value. Emanuel, 517 Market street, reported to the police that a burglar entered his home during his absence several days ago and attempted to force open a safe. The attempt failed and nothing was taken.

M'DERMOTS VPRES HELD TO QUIT BATTLE BY BRITISH FORCES

Brother and Sister Will Probably Manage the Large Estate.

(Continued From Page 1)

That a compromise will be effected between the heirs of the late Flora Main MacDermot to the end that her \$150,000 estate will be administered jointly by their mother, Louis M. MacDermot, and Mrs. Flora MacDermot Proctor, was intimated at the close of the morning hearing of the contest before Superior Judge Wells today. The matter was continued until 2 o'clock this afternoon, after attorneys for the two factions of heirs had held conference with Judge Wells in his chambers for an hour.

When the hearing opened this morning Attorney Stanley Moore, representing Louis M. MacDermot, called Mrs. Proctor to the witness stand and sought to learn from her what had become of certain notes and securities which had not been included in the tentative inventory of the estate following Mrs. MacDermot's death on October 12.

"I was hysterical for a week following my mother's death and I do not remember all that was told me regarding her affairs," she said. "I haven't got the notes and I haven't had anything to do with them."

VALUABLE SECURITIES MISSED. Mrs. Proctor referred to a note for \$100,000 given by Frank C. Havens, a note for \$25,000 given by Wickham Havens and a note for \$15,000 owed by the Peoples Water Company. According to Attorney Moore, when Mrs. MacDermot's safe deposit vaults were opened last week there was also missing \$200,000 in valuable corporation bonds, which have since been replaced. Neither of the Havens notes, nor the water company's paper have been produced, but it is declared that the F. C. Havens note is secured. The securities are alleged to be missing for the Wickham Havens note and also 20 Peoples Water Company bonds given as security for that loan.

Also among the papers found among Mrs. MacDermot's effects was an unsigned assignment through which the \$100,000 Frank C. Havens note was to have been turned over to Alfred J. MacDermot, the youngest brother. It was drawn the day before Mrs. MacDermot's death, it is declared by Attorney Moore. Last Friday the missing bonds were placed in a safe deposit vault and are now included in the inventory of the estate.

OBJECTS TO MRS. PROCTOR. "Louis MacDermot does not seek to be appointed sole administrator," said Attorney Moore, "but he does object to Mrs. Proctor being appointed in that position."

Attorney Leon A. Clark, representing Mrs. Proctor, Mrs. Crawford and Alfred J. MacDermot, argued before Judge Wells that when one of the heirs to an estate had the nomination of the majority to act as administrator their claims should prevail. Judge Wells dismissed the contention.

Alfred J. MacDermot testified that he had obtained from Charles Bone, confidential agent of his mother, certain securities which he had placed in a safe deposit vault. He said that his sister, Mrs. Proctor, had given him a package of papers deposited with Mrs. Proctor, declared that her brother had told her that the Havens notes were included in the package. Attorney Moore asked Mrs. Proctor if she did not know that neither the Wickham Havens note nor the Water Company note were dated nor the serials of the papers, not having seen them.

"I had no influence upon my mother's affairs," she said. "You know that very well. If I had those notes would not have been made."

ken and of no value whatever the compromise may have been. Contrary to the wishes of the Aguas Calientes convention and I am ready to fight Villa and his bandits."

It is reported here that General Gutierrez has collected a personal interview with General Carranza. According to extra editions of the newspapers, issued last night, General Carranza will go to Vera Cruz Sunday to take over that city, which is to be delivered up by Brigadier General Punzon.

From Puebla comes the report that 25,000 followers of Emiliano Zapata are still threatening the city, but that the constitutional forces thus far have been able to hold them in check. PARIS, Nov. 13.—Francisco Leon de la Parra, the Mexican minister to France, who resigned his post when General Carranza assumed the provisional presidency of Mexico, has handed over the archives of the Mexican legation to Louis Quintanilla, who has been appointed to succeed him by the acting government of Mexico.

RETIRED JEWELER IS DEAD IN THIS CITY

Thomas Jefferson Turner, a retired jeweler of Kansas City, died this morning at the home of his daughter, Mrs. R. A. McAllister, of 1819 Seventh avenue, where he has made his home for the past six years. He had been ailing for the last six months and succumbed to heart disease.

Turner was a native of Russell, Pa., and was 75 years of age. His wife preceded him in death fourteen years ago. The greater part of his life was passed in Kansas City, Mo., where he will be buried by the side of the late Mrs. Turner. The remains will be shipped to Kansas City Monday afternoon. The funeral services will be held at the McAllister home on Monday morning at 10 o'clock, when Rev. Alexander Allen, rector of St. Paul's church of this city will read the service.

Turner is survived by two daughters—Mrs. R. A. McAllister of this city and Mrs. W. C. Ross of Omaha—and a son, Arthur E. Turner of Kansas City, Mo.

ferent points of our line and that of the British army.

"From the region to the east of Arras there and as far as the Oise there have been artillery exchanges and actions of minor importance.

"In the course of the last few days of foggy weather our troops have not been able to make progress with their attacks. They are today established almost everywhere at distances varying from 200 to 500 metres from the network of barbed wire entanglements of the enemy.

"To the north of the Aisne we have taken possession of Tracy LeVal, but with the exception of the cemetery to the northeast of this village we have made slight progress to the east of Tracy LeVal and to the southeast of Nouvron, as well as between Coucy and Vregny, and to the northeast of Soissons.

REPULSE COUNTER ATTACK.

"In the vicinity of Vailly a counter attack by the Germans, delivered against those of our troops who had retaken Chavonne and Souperre, was repulsed. Equal failure attended the German efforts in the environs of Berry au Bac.

"In the Argonne there has been a violent artillery duel.

"There has been minor progress in the vicinity of St. Michel and in the region of Pont-a-Mousson.

"A surprise attack delivered by our troops against the villages of Vail and Chailillon, near Cirey Sur Vezouze, made it possible for us to capture a detachment of the enemy.

"A German attack directed against the heights of Mt. Saint Marie resulted in failure.

"It is reported that snow is beginning to fall on the heights of the Vosges mountains."

BRITISH HOLD VPRES.

LONDON, Nov. 13, 10:30 a. m.—The German have crossed the Yser river, according to the admission in the latest Paris official communication, and although the invaders occupy only a few hundred yards on the left bank of the stubbornly-confronted river, the allies cannot be indifferent to this gain and desperate efforts will be made to drive back this slight wedge.

Ypres, extending like a fortress bastion into the lines of the invaders, still is held by the British, and until the flank attacks on this position are successful, Dinkeldijk, likely to prove a barren gain for the Germans who still find the way to Dunkirk barred. The theory that the Germans are making an unprecedented attempt on this coast objective is confirmed by an official just returned to Holland from East Prussia, where he claims the severity of the German defeat is due to the fact that so many troops have been detached from the effort against Calais.

Little attention has been paid to the operations along the River Aisne, but according to late dispatches, fierce fighting recalling the early days of the siege battle there has been in progress for some time, with no great alteration in the line but some slight advantage in favor of the allies.

GERMANS SUFFER LOSSES.

In the coast battle the latest reports indicate that the Germans, after heavy artillery fire, made massed infantry assaults for some time, losses much heavier than the defenders.

From the east come reports that Petrograd is expecting to hear any moment that the great battle before Gracov has been started, while past Kalusz and behind a series of Cosacks their infantry and artillery in force are said to be within striking distance of the German frontier.

Bucharest reports two Austrian divisions annihilated along the River Pruth, which, if true, indicates that the Austrian opposition in Bukovina is at an end and the way opened for the invasion of Transylvania.

In the minor war theaters there is little to report except the severe defeat administered to General De Wey by his old comrade in arms, General Botha.

ECZEMA ON CHILD'S BODY

Began as Rash, Itched so Had to Hold His Hands While Sleeping. Clothing Irritated Trouble. Face and Scalp Covered. Cuticura Soap and Ointment Healed.

570 High St., Oshkosh, Wis.—"When about two months old my nephew had sores break out on different parts of his body.

The trouble first began as a rash which itched so at night someone always held his hands even while sleeping as at the least scratching it would run together and form scabs. His night-clothes had to have mounds on them or the scabs would be raw and bleeding by morning. His clothing or the least friction irritated the trouble. His face and scalp were covered. They called it eczema.

"We tried different treatments but none cured him. At three years old we commenced the use of Cuticura Soap and Ointment. We could see an improvement after the first month's treatment. It took nearly a year to effect a complete cure and he never had anything like it since." (Signed) Mrs. F. Scodell, Mar. 21, 1914.

tied, or would be settled by a civil suit which is pending. But he was rudely awakened by the chiming of the clock striking midnight and so ushering in Friday, the 13th, and by the sound of a police whistle under his window.

Then his doorbell rang and a policeman's baton thundered on the door. Auerbach rubbed his eyes, threw on a dressing gown and went to the door. He was greeted by Lieutenant William Woods, armed with a warrant charging him with felony embezzlement. The house was surrounded by a squad, including Corporal Thornbury, Patrolmen Oakes and Leonard. Auerbach was taken from his home, 1052 Sixteenth street, to the city prison, there to await an officer in San Francisco to take him across the bay.

"This is merely a civil matter," declared Auerbach. "It is only the bad luck of Friday and the 13th of the month coming together that led to my arrest. If Friday and the 13th ever come together again I'm sure going to have all my affairs in order." Auerbach declares that he had a contract with Alphin and that the latter broke the contract. Auerbach was "down the peninsula" at the time with some actors and used \$50 of the money collected, after getting Alphin's O. K. to pay them off. When he returned he filed suit against Alphin and he declares that the felony embezzlement charge, connected with the \$50, is merely Alphin's method of retaliation.

JINX MEANS JAIL

Patrolman O. I. White declares that Friday, the 13th, has no unlucky significance for him.

Early this morning White was informed that a burglar had awakened Leslie H. Peters, 125 Ashot avenue, by opening his window and flashing an electric torch in his face. White started out in search for the burglar and was heading about some bushes at Lakeshore boulevard and Lane avenue when a man addressed him in the following words, sending cold shivers down his back:

"I have got the dead drop on you, old man."

White stood still and he suddenly remembered that the date was an unlucky one. Then the voice continued:

"Put you look like a decent guy and I hate to do it."

White suddenly whipped out his re-

volver and advanced upon the man. He found him partially concealed in the shrubbery holding a 38-caliber revolver in his hand which he had leveled at the policeman. He was also in possession of an electric torch. White took the man back to the

Peters home, where Peters declared he looked like the man who had attempted to enter his home.

At the police station the suspect gave the name of Peter White. He has been placed in detinue pending an investigation.

H. C. CAPWELL CO.

They Are Ready for the Game Tomorrow==Ready 'With the Goods'

No amount of talk ever got a football team into the championship. It had to have the GOODS. *The Goods!* No imitations, no half-way qualities—no yellow streaks—no "just as goods"—but absolutely sound, sane, full measure strength, full measure confidence, full measure lasting quality, full measure work—"and the main thing is work."

It's just the same in storekeeping

It isn't a matter of talk. You might as well try to talk the everlasting waves of the sea to sleep as to try to talk sane men and women into giving up their money for merchandise that is not "the goods."

BUT—when you keep on winning pennants year after year for twenty-five years, it proves things.

It proves you have "THE GOODS."

After a quarter of a century of pennant winning this store is always prepared to show "THE GOODS" in each and every one of SIXTY DEPARTMENTS.

'Merode' Underwear

Reduced prices on extra sizes for stout women. Tomorrow offers the last opportunity for a year to get these splendid MERODE garments at reduced prices. While we feature particularly these extra sizes there is still a large variety among the regular sizes at the reduced prices.

For Large Women

65c Vests for 50c. Six different styles from which to choose. Splendid quality cotton. Angle or knee length. Drawers or Tights to match at the same price. Sizes 40, 42 and 44.

\$1.25 Union Suits \$1.00. Eight different styles of Union Suits from which to choose. Large women should take advantage of this offer tomorrow. Sizes 40, 42 and 44. Sale on in Second Floor Department.

GIRLS TESTIFY AGAINST MOTHER

Romance of Twenty-five Years Ends in the Divorce Court.

LOS ANGELES, Nov. 12.—Four entries in a diary, penned eleven years ago, which showed him to be with a herd of cattle instead of in the arms of another woman, coupled with testimony given by three daughters against their own mother, yesterday won for W. E. Dyrast, cattle buyer for the Cudahy Packing Company, a decree of divorce in Judge Monroe's court.

Under the decree given Dyrast after a hearing docted with dramatic incidents, Mrs. Dora H. Dyrast, the wife, receives \$1000 in cash and the custody of two minor children, Dorothy and Marion, for whose support Dyrast must pay \$10 a month. She is banished, however, from her handsome home at 120 North Hancock street. Mrs. Dyrast is ordered to leave the Dyrast home within thirty days.

The three daughters who testified against her, Mabel, Ruth and Josephine, will reside with their father, being of age.

Breaking under the strain of her battle against her husband's suit, Mrs. Dyrast, supported by friends, left the courtroom weeping bitterly. She tossed aside the hands of the three daughters who had ranged themselves against her and told her former husband, when he sought to speak to her, that she hated him.

At times when her husband was giving testimony, Mrs. Dyrast would rise dramatically from her chair with clenched hands and burning eyes. At other times her lips formed the word "liar" as she faced her husband on the witness stand. Her attorneys restrained her with difficulty.

In granting of a decree to Dyrast spells the final chapter in a romance dating back twenty-five years. The couple have been married twenty-three years.

Dyrast, in his suit for the decree, named two men, Charles Allison and Charles Poole, as friends of his wife who frequented his home during his absence. His three daughters corroborated these charges, despite a vigorous denial by Mrs. Dyrast.

Allison, as the evidence tended to show, lived at the Dyrast home for a time and Poole was a frequent visitor.

HUSBAND NAMES MEN.

Neither of the two men named by Dyrast appeared to defend Mrs. Dyrast. On the first hearing Judge Monroe gave Dyrast the custody of the children, and ordered Mrs. Dyrast to leave her home in thirty days and Dyrast to give her \$1000, the equivalent to half the community property. The court then reopened the case to hear further testimony, after a conference with Judge Frank Willis, who Judge Monroe stated, told him that Dyrast, according to rumor was paying attentions to other women.

Yesterday the second hearing was held, and through Mrs. Rowena Dunn, Mrs. Dyrast sought to prove that her husband was with Mrs. Viola Packard in San Diego, September 1, 2, 3 and 4 of 1903.

Mrs. Dunn made an affidavit to the effect that she saw the two together and had gone with them to San Diego. Dyrast produced his diary, showing him to be with a herd of cattle instead of in the arms of Mrs. Packard.

He also produced the records of the Santa Fe to show the absence of cattle by him at Temecula on one of the days mentioned.

Judge Monroe declared that he did not believe the story of Mrs. Dunn, and held that the second attempt of Mrs. Dyrast to block her husband's effort to gain his liberty was ineffectual.

WANTS \$20,000 FOR LOSS OF WIFE'S LOVE.

LOS ANGELES, Nov. 12.—Twenty thousand dollars was the price asked by John Avery for the loss of his wife, Mrs. Grace Avery, called "The Woman with the Perfect Figure." Dr. Karl F. Ross, former physical director of the Turn Verein Germania, is the person whom Avery asks be compelled by the superior court to pay.

Avery alleged close affection existed between his wife and himself until she took physical culture lessons from Dr. Ross and heard him "rave" about her perfect figure. Avery said:

"We were married March 24, 1900.

COUNT PUTS STOP TO WIFE'S LARGE ALIMONY.

NEW YORK, Nov. 12.—By order of the appellate division of the Superior Court Frank R. Poss, president of the Post Motor Company, and vice-president of the Detroit race track club, was relieved from the payment of \$100 a month alimony to his wife, Lillian K. Poss, from whom he obtained a divorce following a sensational trial in this city last June. Pending her appeal, the court had granted her the alimony.

Poss named Perry M. Thom and produced in court evidence to show that he had raided his wife's apartment on Riverside Drive and found her clad in a blue Japanese dressing gown and silk slippers. During the trial Mrs. Poss agreed to appear before the jury in this attire she wore when Poss found her alone in the apartment with Thom.

MRS. WHITNEY PARIS WITH MEDICOS FOR FLYING HOSPITAL.

PARIS, Nov. 12.—Harry Payne Whitney has arrived here from New York with fifteen trained nurses and four physicians. She is organizing a so-called "flying hospital" for work near the firing line. It will be equipped with the American ambulance as an auxiliary, but will be directed, it is understood, by Mrs. Whitney herself. She will contribute \$200,000 to the hospital.

WIDOW OF AMBASSADOR FILES FIRST ACCOUNTING.

NEW YORK, Nov. 12.—Mrs. Elizabeth Mills Reid, widow of Whitehall Reid, has filed her first accounting as executrix of her husband's estate with Surrogate Sawyer of White Plains. Mrs. Reid is residuary legatee. In the accounting are the proceeds from the sale of bonds and mortgages of the Tribune Association, \$200,000. The personal property Mrs. Reid inherited amounts to \$1,121,156, including 159 shares of the Tribune Association, 5 per cent gold bonds worth \$153,000, 159 shares of the Merchants' Trust Company worth \$228,500 and 51 shares of Tribune stock, \$57,500. Among the disbursements by Mrs. Reid were \$20,000 each to Ella Spencer Reid and the Tribune fresh air fund.

Delicious Irish wit and humor, thrilling sword duels, delightful first-love-making and entrancing scenes of rare natural beauty characterize the film production of "The Ragged Earl," in which Andrew Mack, greatest interpreter of Irish roles on the stage today, will make his film debut Sunday at the Broadway theater. "The House with the \$100,000 picture program."

Mack is said to achieve the greatest triumph of his career in his interpretation of the Irish earl clothed in patches, but with a heart of gold. And rough and boisterous Owen Hawley plays the bering, Kathleen. This masterly dramatization of "The Ragged Earl" will be played only three days owing to the great demand for the film in other cities. On Wednesday Jacob P. Adler, greatest of Jewish actors, will be presented in the sensational picturization of "Michael Strogoff"—Advt.

Sixty-Year Sentence Will Expire in Five

FRESNO, Nov. 13.—Judge B. F. Bledsoe, holding court here for the first time since his appointment to the Federal bench by the President, yesterday sentenced J. Frank Aronell, formerly cashier of the First National bank of Fowler, to a total of 60 years in the penitentiary for forging drafts to cover personal notes he had deposited in his own bank last

year. The sentences on each of the twelve counts are to run concurrently, so that the sentence amounts to but five years.

STATE LABOR AGENCIES.
OLYMPIA, Wash., Nov. 12.—State labor employment agencies to replace the private employment agencies which will be closed by Jan. 1, 1915, will be recommended in the annual report of State Labor Commissioner R. W. Olson. In Seattle, Spokane and other large cities the city employment agencies probably will be enlarged to cover their widened field.

Old Treaty Forces Turks Into Warfare

By Associated Press.
LONDON, Nov. 12.—The Morning Post's Athens correspondent says: "According to statements made by a diplomat here, Turkey was compelled to enter the war by a secret treaty made some years ago with Germany whereby Turkey agreed to assist Germany if war was declared on Germany by Russia. 'To return Germany likewise agreed to assist Turkey if Russia declared war on Turkey.'"

WOMEN TO PETITION FOR HAZEL LUX' RELEASE

Efforts to obtain a pardon for Hazel Lux, the woman who is under sentence of life imprisonment for murdering William Garland in Emeryville last February, will be made by women in Oakland, who have taken an interest in the case. A meeting was held last evening in the quarters of the Woman's Protective Bureau at the City Hall at which a number of well known club women were in attendance. Hazel Lux lost her appeal to the Appellate Court in a decision last week upholding her sentence.

HUSBAND'S DETECTIVE WORK CATCHES COUPLE

SAN FRANCISCO, Nov. 12.—Mrs. Edna Doppler, the wife of Robert Doppler, advertising manager for the San Francisco Chronicle, and William Adams, a prominent local broker, were arrested at an early hour this morning in a room of the Alma Hotel, by Detective Fred Lemmon, and are being held for a misdemeanor as the result of a little quiet detective work on the part of Doppler, who claims that the apartment at the hotel is rented by Adams. Doppler appeared at police headquarters and requested the detective to the room, where the man and woman were found together and taken at once to police headquarters.

ANTI-KAMNIA TABLETS FOR Locomotor Ataxia

In a very interesting article on Locomotor Ataxia, Dr. Henry C. Story says that drugs have practically no beneficial effect in these cases. He says that rest should be insisted upon, and there should be no worries or troubles. If necessary, gives prompt relief and rest to the patient. These Tablets can be obtained at all druggists in any quantity desired. Ask for A-K Tablets. This medicine relieved me in a short time." For sale by Osgood Bros. Drug Stores.

BELIEVE WATCHMAN MURDER VICTIM

Employee of Martinez Concern
Missing; Blood Is
Clew.

MARTINEZ, Nov. 12.—Eddie Shea, a night watchman for the Western Grain and Sugar Produce Company, in this city, is thought by the police to have been murdered some time between 12 and 3 o'clock this morning. Shea reported for duty at 10 o'clock last night. This morning he was missing, and at the end of the plot was a large pool of blood, leading the police to believe that the night watchman had been slain. Shea was to have hung out a red lantern for a boat due about 1 o'clock. This was not done.

There is another watchman on duty at the warehouse, but he heard no disturbance.

Shea had been employed by the produce company for one year. He was 35 years of age, and had 12 grown children.

Terrific Storm Does Damage in Seattle

SEATTLE, Nov. 12.—A windstorm (land swept over Puget sound early this morning, during which the wind attained a velocity of 64 miles an hour, strewn the downtown walks of Seattle with broken glass from store windows and light globes, tore down a great number of signs, demolished the old grandstand on the football field at the University of Washington, demolished parts of unfinished buildings, sent house boats adrift in the lakes and cut off Seattle from telegraph communication with British Columbia and other points on the Linemen report an enormous number of trees down.

Troops in Peril on Blazing Transport

LONDON, Nov. 12, 12:57 p. m.—A Central News dispatch from Rome says that the steamer Clitta di Savona has sent a wireless "S. O. S." call, saying that she is on fire 150 miles off Catania.

She has 500 soldiers on board, bound from Messina, Africa, for Italy.

Two steamers have gone to the assistance of the distressed vessel.

Mines at Tsing-Tau Kill Many Japanese

TOKIO, Nov. 12.—An official communication made public today says that subterranean mines which exploded at Tsing-Tau while being removed on November 11, killed two officers and eight soldiers and injured one officer and fifty-six soldiers. Four hundred and thirty-six wounded Germans are in the hospital at Tsing-Tau.

Duke of Richmond's Son Dies in Battle

LONDON, Nov. 12, 4:22 a. m.—Lord Bernard Charles Gordon-Lennox, major in the Grenadier Guards and the third son of the Duke of Richmond and Gordon, has been killed in battle. It was announced here today. Lord Gordon-Lennox served in the South African war and afterward saw service in China.

KAISER OFFERS PALACE IN CORFU FOR SALE

GENEVA, via Paris, Nov. 12.—Emperor William is offering his marble palace, the Villa of Achilleion, in Corfu, for sale. It was built in 1890-'91 for the Empress Elizabeth of Austria at a cost of \$5,000,000 and has since been improved. A syndicate of Germans and Swiss hotel men wished to buy Achilleion a few years ago but they were outbid by the Emperor.

The Emperor's decision to sell the place, it is stated, is the result of the uncertain attitude of Greece towards Germany and Austria. It is said he fears confiscation of the palace if Greece joins the allies. A Swiss syndicate has been given an option on the place at a low price.

The Villa of Achilleion, which is in the Italian renaissance style, was purchased in 1907 by the German Emperor. The gardens are open to visitors. At the back of the villa are peristyle and three terraces with a large number of statues and among them, on the outermost terrace, is a dying Achilles by Harter.

The large park, descending toward the sea in terraces, contains a small temple with a seated marble statue of Helene, the poet, by the Danish sculptor Hansel. The villa was erected by the Italian architect Raffaele Carito.

PLANTER OPPOSED TO RURAL IMMIGRATION

LOS ANGELES, Nov. 12.—An influx of foreign farmers and farm laborers into California will not improve the rural social atmosphere, in the opinion of C. C. Chapman of Fullerton, who spoke today before the California State Fruit Growers' convention.

Chapman said there was likelihood of foreign labor lowering farm wages. "If a city woman can make a living in the country" was explained by Mrs. Emily Hopkin of Woodland in the woman's section meeting.

Miss Edna H. Rich of Santa Barbara spoke on "Economic Conditions for the Woman in the Country Home."

Discussion of proposed laws to be recommended to the legislature and the technical papers on oranges and lemon growing took up most of the time of the convention.

FORESTERS GIVE DANCE.

Court Oakland, Nov. 12, 12:27. Independent Order of Foresters, entertained nearly 100 invited friends and members of the order at Odd Fellows' Hall, Eleventh and Franklin streets, last evening. The following program was rendered: Monologue, W. H. Davis; piano solo, Professor A. Jackson Bloom; tenor solo, E. James Finney; whistling solo, F. H. Witt; violin solo, G. Durchang. SOOR STOMACH, COLDS, HEADACHES, REGULATE YOUR BOWELS—10 CENTS

Turn the rascals out—the head—carry off the decomposed waste matter, biliousness, constipation, the fever and constipation poison from the sick, sour stomach and bad colds—bowels. Then you feel great. Turn them out tonight with Cascarets. A Cascaret tonight will straighten you out in another day of dis-ease out by morning—a 10-cent box regulate your stomach, remove the head clear, stomach sweet, liver and sour, undigested and fermenting food; bowels regular and make you feel and that misery-making gas, take! build and cheerful for months. Don't let the excess bile from your liver and forget the children—Advt.

LOCOCO AND WIFE MEET IN COURT

Slayer of George Gray Is Arraigned on Murder Charge; Case Continued.

SAN FRANCISCO, Nov. 13.—When Joseph Lococo, slayer of George Gray, appeared before Police Judge Grist this morning for arraignment on a murder charge he was accompanied by his wife and babe. Mrs. Lococo, smiling the first time since her husband was taken from her and locked up in prison, was attired in a new dress and pointed with pride to the baby clothes which adorned her offspring. Although she could not help but be saddened by the necessity which brought her to court to support her husband in his appearance before the bar of justice, she was rejoicing in the good fortune that had brought her an abundance of food and had permitted herself and her children to be wanted for the party and philanthropy of the people of San Francisco.

Lococo was represented by Attorney Walter Demartini, who requested a continuance of the case until next Wednesday in order that the coroner's inquest may be over before it has to be taken up again.

A crowd of interested persons attended the session, among the number being many of those who had extended a helping hand to the starving family on the day after the tragedy. They saw Lococo himself for the first time and they greeted his wife and babe with an interest which augured well for the humanity and philanthropy of the people of San Francisco.

BENEFIT TO INCREASE ORPHANS' WAR FUND

A benefit for the Widows' and Orphans' War Fund will be given tonight under the auspices of the Church School of the First Congregational church, at The Lodge, 1101 Market street. The committee arranging details is composed of Miss Margaret Sherman, chairman; Miss Elizabeth Watson, Miss Margaret May, Adeline, Paul Van Horn, Lloyd Cobbick, A. C. Jensen and E. E. Wood.

The affair will be in the nature of a masquerade flunk, those in costume participating in a grand march.

The Social Service Club and the Aerie Club will furnish refreshments. Music will include: Overture, The Church School Orchestra; Professor A. M. Humphrey, director; song, Miss Margaret May and Harold Girvin; "It's a Long Way to Tipperary," Mrs. Sherman's Kitchen Orchestra; exhibition on parallel bars, Leaders' Corps of the Y. M. C. A.; Torch Singing, Leaders' Corps of the Y. M. C. A.; "A Different Girl," Bert Bispham; selection, orchestra.

BOOKED ON MINOR CHARGE.
SAN FRANCISCO, Nov. 13.—A coronor's jury in the case of Louis A. Andrus, proprietor of the Casa Loma apartments, who was shot and killed on the morning of November 5, returned a verdict this afternoon charging Emil Gundlach with murder. Gundlach, according to Detective McQuade and Barker, will be booked on a murder accusation hereafter. Andrus and Gundlach were involved in a really dead-end fight, Gundlach believing that he had received the worst of it. The evidence connecting him with the crime, however, is so far circumstantial.

TOURIST MEETING CALLED.
Manager John Jordan of the Oakland-Berkeley Hotel and Apartment Association received word this morning from the Tourists' Association of Central California, stating that a meeting had been called in the Rose room of the St. Francis Hotel at 2 p. m. on Wednesday, November 18. The object of the meeting is to explain to the hotel clerks of the bay cities the purport of the association's work and to ask their assistance and co-operation in furthering the cause. Prominent members of the associations on both sides of the bay have been asked to attend and to give short talks illustrating the different phases of the institution.

BURGLAR AGAIN FOILED.
For the third time this month a burglar attempted to force an entrance to Smith Brothers' book store, 472-474 Thirteenth street. In doing so he set off a burglar alarm, which immediately reported the matter to the police. A search was made, but the man had escaped. The police are investigating.

Had Lung Trouble and Expected to Die

The many recoveries brought about by Eckman's Alternative are attracting wide attention. Read about this case.

33 B St., Keyser, W. Va.
Gentlemen: I was taken sick in November, 1908. I grew steadily worse. Had two consultations. The verdict was the fever had affected my lungs and that my case was hopeless; only gave me two months to live. My physician had tried most all kinds of treatment and none did me any good, so he asked my husband if he objected to him trying a proprietary medicine. I began your Alternative. I was in bed from November 30, 1908, until February 25, 1909, and was thought dying several times. I am a healthier and stronger than ever. (Abbreviated.)
(Signed) MRS. H. K. BRILEY.

Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, 5¢; regular size, 25¢. Sold by leading druggists. Write for booklet of recoveries.

HE ESCAPES JAIL FOR FATAL WORK

Aviator, Being Released, Gives Promise to Join U. S. Corps.

LOS ANGELES, Nov. 13.—Farnum Fish, famous boy aviator, after a series of adventures which on several occasions caused his arrest, made a strange career with the law in order to escape a door of friendship and mutual advantage. This is the only door we care to enter," he declined to take another step to show the one or to secure the other.

Hostilities between Germany and Japan, with which China entertained friendly relations on territory over which by the terms of China's agreement with Germany she still had "all rights of sovereignty," was characterized by Rockhill as "a most flagrant breach of neutrality."

Rockhill said China was in need of the moral support of foreign military, specially American, to preserve at this time her neutrality and to insure internal peace.

"I have not heard that our naval forces on the China station have been increased," he continued, "or that we have taken any steps to fulfill this duty. I can but trust that the necessity of the case has been appreciated and adequate measures adopted to discharge our obligations."

"So long as we shut our eyes to the undoubted fact that, in the East at least, politics, finance and trade go hand in hand, and that neither the profits of trade can be fully reaped nor our influence and prestige be adequately upheld without incurring the responsibilities incident to political and financial activity, we must be content to play a modest, effaced role in the Far East, unworthy, in my opinion, of our great country, and its vast interests in the Pacific."

LANE IS CHOSEN.
RICHMOND, Nov. 13.—By a unanimous vote, the Richmond Real Estate Association has named W. J. Lane delegate to the tenth annual convention of the California State Realty Federation, which will meet in Oakland on November 19, 20 and 21. Lane announces that he will bring a delegation from the convention to this city to look it over.

WOMAN NERVOUS, WEAK AND DIZZY

Could Not Do Housework for Family of Three. Vinol in a Short Time Made Her a Strong, Well Woman.

PORT EDWARD, N. Y.—"I was in a run-down condition, nervous, weak and dizzy, so that in doing the housework for my little family of three, I would be all exhausted. I tried cod liver oil emulsions and three or four other medicines without benefit. Finally a friend told me about Vinol and I tried it. I soon felt better and now I have built up my strength. I have no more nervous or dizzy spells, and can do all my housework without getting all tired out."—Mrs. ELMER GLIDDEN, Port Edward, N. Y.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headaches, backache, nervousness and kindred ills. Vinol is a most efficient strength creator for such women.

It is the medicinal elements of the cod's liver, aided by the blood making and strengthening properties of tonic iron which makes it so far superior to all other tonics.

If you are in this condition try Vinol on our guarantee to return your money if it fails.

NOTE—You can get Vinol at the leading drug store in every town where this paper circulates.

STEALS AUTOMOBILE AND INTERURBAN CAR
TACOMA, Wash., Nov. 13.—In a desperate attempt to get to Seattle from Tacoma Riley Ross of Tacoma first stole an automobile, ran it to the city limits, but sid off the road into the mud, where it stuck.

Next he borrowed an interurban car, standing in a nearby yard, and attempted to put the car out of the mud by attaching the trolley rope to the car. The rope broke and Ross was started for Seattle in the interurban when cut, detectives appeared and stopped the trip.

He admitted his actions freely, explaining merely "that it was up to me to get to Seattle."

EGGS WITHSTAND PRESSURE.
EVERETT, Wash., Nov. 13.—Opening a bale of hay to feed his cattle, Ed F. Bergeron found six eggs within the bale. How the eggs withstood the pressure of the baling machine is a mystery, for none was broken.

CANINE'S WOODEN LEG MAKES HIM NEW DOG

SUPERIOR, Wis., Nov. 13.—William Billestein of the Columbia Clothing Company is the proud possessor of a dog with a wooden leg. Last winter his pointer dog, Max, caught one of his hind legs in a steel trap. Before he was released it was frozen and had to be amputated.

Since then various devices were tried, but none was successful until Billestein obtained the services of an expert artificial limb manufacturer. He built a miniature limb for Max, who is now "just as good as a new dog." Billestein thinks Max will make just as good a showman in the hunting as any dog.

Incidentally, you needn't wear whiskers in order to be the goat.

ASKS DIVORCE FROM S. F. CLUBMAN

Beautiful Ethel Hager Kellogg
Seeks Legal Separation;
Desertion Alleged.

SAN FRANCISCO, Nov. 12.—A. L. Ash, society of the bay cities has been waiting expectant for the news for some time, the filing today by the beautiful Ethel Hager Kellogg of a suit for divorce against Lansing O. Kellogg, clubman and capitalist, will come as a shock to many of those who have hoped for an ultimate reconciliation. Simple desertion on the part of Kellogg is charged by his wife, but a story of marital disagreement lies at the back of the determination of the couple to seek solace in the divorce court. It is more than a year since the separation occurred and every attempt to cement the severed bond between Kellogg and his wife has been met with objections which have proved insurmountable.

Attorney Thomas C. Van Ness Jr., who represents Mrs. Kellogg, endeavored to preserve the utmost secrecy in filing the suit and appeared personally before presiding Judge Sturtevant of the Superior Court to have the date set for the hearing. Nevertheless the news that Mrs. Kellogg had sought legal advice could not be kept quiet and today the story in all of its detail leaked out. Kellogg, who is a member of the Pacific Union Club, the Bohemian Club and the Olympic Club, is one of the most popular of the city's society men. His bride was formerly Miss Ethel Hager, daughter of Captain J. Hager and the society event of the season was their marriage September 15, 1906. The date of the desertion is fixed by the complaint as October 31, 1913.

Attorney Van Ness was not willing to comment upon Mrs. Kellogg's action today and would not even admit that the divorce had been filed. Mrs. Kellogg was similarly reticent. The dashing belle of the smart set whose heart was captured by Lansing Kellogg, has felt the necessity which caused the separation between herself and her spouse and it is expected that nothing more than the law requires will be said on the witness stand when the case finally comes to trial.

Hotel Men Plan for 1915 N. E. A. Session

A meeting of the down-town hotel men was held this morning in the office of the Commercial Club for the purposes of making arrangements for the headquarters of the National Education Association, which will hold a convention in this city.

The meeting was presided over by Manager Jordan of the Oakland-Berkeley Hotel and Apartment Association and Joseph E. Cairns, managing secretary of the Chamber of Commerce and Commercial Club consolidated.

Representatives from all the hotels operating in the down-town district were present.

The matter of rates and accommodations were taken up, and the arrangements guaranteeing harmony and co-operation of the hotel men.

VANDALS RUIN MASTERPIECES

Valuable Paintings Were to
Have Been Presented to
Sacramento.

SACRAMENTO, Nov. 12.—Two valuable masterpieces owned by Max Hornlein and believed to have been the works of a modern French artist, were destroyed beyond restoration by vandals some time last week, who entered the store room where they were kept. The paintings were slashed with a knife and one of them was almost cut from its frame.

The pictures were called "The Garden of Eden" and "Cain Slaying Abel," and were painted in 1843.

Hornlein had planned to present the paintings to the city to be hung in the Crocker Art Gallery. He had stored them in a building on Fourth street between J and K streets, preliminary to having them retouched, and the frames regilded Tuesday morning Hornlein went into the building to see the paintings and found them destroyed.

"I cannot account for such vandalism," said Hornlein. "Why anyone would want to destroy such paintings is beyond me. It must have been some ignorant fellow who knew no better."

The paintings were valued at several thousands of dollars. Quite a history is attached to them. In the early days in Sacramento the two pictures were auctioned off on Second street, then the principal street in Sacramento. Millers, millionaires, business men and loafers attended the auction, and the paintings were bid in at a figure near the \$20,000 mark.

For several years thereafter the paintings were carried about the country on exhibition and were brought back to this city, when Hornlein bought them at a bargain. The paintings were about ten by four in size and were in oils.

Curator W. F. Jackson of the Crocker Art Gallery viewed the ruins of the pictures yesterday afternoon, and pronounced them to be the work of some very accomplished artist.

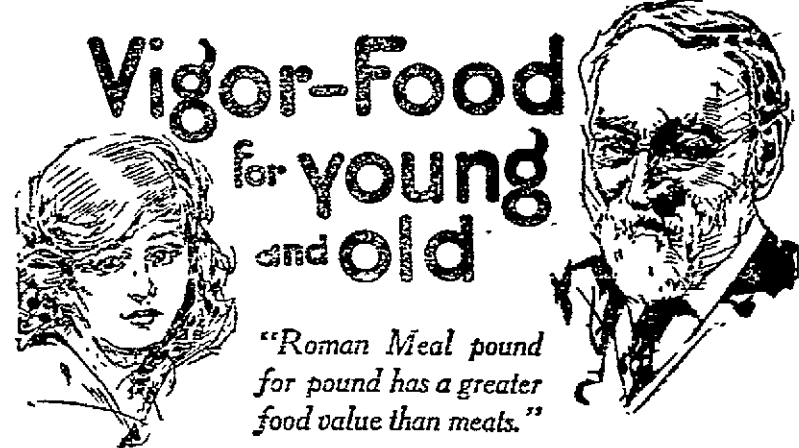

"The pictures are the work of someone who knew how to paint," said Jackson. "The date of their creation leads me to believe they were painted by some painter of the modern period in this country."

"Along the early part of the nineteenth century a number of French and English artists came to this country and painted many fine pictures. Undoubtedly these pictures were the products of one of that party."

"I am thoroughly convinced the pictures are originals. The mutilation is a crime, as they would have made an acceptable addition to the art gallery."

The name of the artist was on the lower left side of "The Garden of Eden." The entire lower portion of the picture has been cut away and thus all trace of the artist has been destroyed.

SHOT IN ATTEMPT TO ESCAPE.
SAN JOSE, Nov. 12.—H. E. McCullum, also known to the sheriff's office as H. E. Bleskey and "Bob" Roberts, accused of a criminal assault on a 15-year-old girl, was shot through the left arm yesterday while trying to escape from Deputy Sheriff H. M. Buffington in front of the Hall of Justice. McCullum was taken back to the county jail, where he is being held under bail in the sum of \$10,000.

Let Alameda County Keep Faith.

By an overwhelming vote the state has accorded Alameda county permission to bond itself for \$1,000,000 to aid the Panama-Pacific exposition, in accordance with a pledge entered into by the Chamber of Commerce several months ago. As soon as the official count is declared by the Secretary of State, the supervisors should call the election for this purpose and give the electors an opportunity to vote on redeeming.

Oakland expects to benefit largely by the exposition. It has been used as an inducement for inviting many great conventions to come here in 1915, and because it is going to be held, this city has secured some of the greatest gatherings that will be held in the country next year. The World's Congress of Education, an international organization, which will send delegates from every civilized nation on the globe, and the National Educational Association, which will bring more than 30,000 persons here, are among those that might be mentioned.

Oakland expects to entertain tens of thousands of the visitors to this mighty world's fair. By reason of its advantageous transportation facilities which will land a visitor at the water gateway to the grounds, many visitors will prefer this city as a stopping place in preference to others. Anticipating a vast influx, enterprising citizens have enlisted the aid of the school children in the "Garden Soldier" movement with the result that the streets all over town will be flower-bordered, vacant lots made spots of beauty and the entire area of the town enhanced in appearance to the end that it shall prove attractive to prospective home seekers and investors.

Berkeley and Alameda expect their share also, and both are preparing to entertain the vast concourse of strangers who will be here during the time this monster display of the countries of earth is on exhibition.

It should be remembered that Oakland, Berkeley, Alameda and other parts of Alameda county encouraged San Francisco in securing this fair; not only encouraged, but aided in every possible way. It should be recalled that the men composing the great commercial organizations at that time tendered their support in a financial way and told the people of the state if given the authority under the law to vote \$1,000,000 in bonds they would do so. That authority has been given and San Francisco expects Alameda county to act. Let the supervisors recall all that has occurred in this matter and as soon as possible call this election and give the citizens of this county the opportunity to vote upon the question.

The selection of Hon. Victor H. Metcalf, formerly secretary of the navy, to head the consolidated Commercial Club and Chamber of Commerce, and the election of Joseph H. King for vice-president and the re-election of Joseph E. Caine as secretary are actions based on sound judgment. The united organizations will be able to do a great deal of good for Oakland and Alameda county generally under such able officials.

War having been declared against Carranza, Mexico will now resume its familiar occupation of committing civil suicide.

Because of the war in Europe the jute mills in San Quentin have been forced to close down, but as yet there has been no complaint from the employees.

Hotel Men Take Right Action.

The decision of the East Bay Hotel Association to print 5,000,000 booklets containing a list of hotels and apartments belonging to the organization, to be distributed all over the world under the auspices of the Panama-Pacific exposition authorities, was an excellent one. This action will bring to the attention of prospective visitors the advantages of accommodations on this side of the bay in a forceful manner.

Few persons who visit the fair will leave for the Pacific Coast without having first made inquiries concerning their places of abode during their stay. The vast majority will reserve, either by letter or by telegraph, the rooms they desire. These booklets will furnish the information desired and enable them to select with judiciousness such apartments or hotel accommodations.

Another step in the right direction was the selection of a committee charged with the duty of seeing to it that all owners of hotels and apartments conform to the rules that forbid excessive charges. It is the determination of all legitimate hotel men on both sides of the bay to not permit any proprietor of any place to overcharge, under penalty of being outlawed by the organization and his house taken from the lists.

These booklets sent out will contain the names of all places which propose to maintain a fair and uniform rate. The public will understand its purport at a glance. No one following the advice given will have reason to complain. Those disregarding it will be the ones who will suffer.

Indications are that next year there will be ample business for all concerned. The immense tide of tourists usually visitors to Europe during the summer season, will be turned westward. The motto will be: "See America first, and start with California!" In common with the metropolis across the bay, the cities to the east will share in the benefits of increased hotel trade and it is gratifying to note that the principal hotel men here are in line with the assurances of fair treatment for all who patronize the legitimate houses.

Consular reports from China are to the effect that 7,000,000 goatskins await importation. So China had an election too.

Some way the Congressional Record does not appear to be the gingery journal it used to be.

One of the most important meetings to be held in Oakland next year is that of the university presidents, of which there are fifty. The learned professors, at their Washington meeting, selected this city as the place for the next annual gathering, and elected Benjamin Ide Wheeler of the University of California president, a wise choice in each instance.

Addresses from the throne to parliament and orders and ukases to the warring armies show that to date no king has lost his kingdom, no emperor his empire. "My armies" and "My navies" are still engaged in the work of trying to destroy the other fellow's holdings.

Good Work for Mare Island.

Unless all signs fail, Mare Island's navy yard will construct two of the six giant torpedo boat destroyers ordered by the Navy Department. The bids submitted by the local shipyard were approximately less by \$175,000, as shown by figures, compared with those of outside firms. Mare Island offered to do the work of constructing two of these vessels for \$626,270 to \$674,917, while the Union Iron Works' bid was \$800,000. Fore River wanted \$795,000, Newport News \$875,000 and the Seattle Drydock & Construction Company, \$860,000.

Outside contractors claim that the Mare Island authorities did not figure on overhead expenses, and an investigation has been ordered, but Naval Constructor Gleason, who superintended the estimates, says the figures submitted follow the instructions of the Navy Department to the letter.

In this connection it may be stated that the efficiency record of the Mare Island yard has been such that a number of coal barges that might have been built in other yards will be built there, thus furnishing additional employment to a large number of mechanics.

These destroyers are of the largest type, have a displacement of 1110 tons, a speed of twenty-nine and one-half knots, carry four

additional torpedo tubes, two anti-balloon guns and four 4-inch rapid-fire guns.

It is intimated that Mare Island is also preparing to bid on the construction of two of the six new submarines which will be constructed by the government soon. These boats will be wonders in their way, will displace 1200 tons—more than these destroyers—will have a cruising radius of 3500 miles and a surface speed of twenty knots with oil fuel, will be well armored and carry light guns for defense. Contracts for these boats have not been let, but will be as soon as specifications are prepared. If Mare Island can land contracts for two of these in addition to the work already in hand, the yard will be a scene of activity for several months and skilled and unskilled labor will profit accordingly.

Analysis of Oregon's prohibitory law discloses a provision which will prevent it becoming entirely arid, so far as the use of liquor is concerned. The citizens of the state may have shipped from other states, beer, to the extent of a dozen bottles at a time, or strong liquors in quantities not greater than two quarts at a time, a condition being that the consignee must swear that the drink is for his own use and not for sale.

TWENTY YEARS AGO TODAY

Charles Wilson Almsworth, aged 23 years, called at the county clerk's office this morning armed with a letter signed by his mother, Mrs. Anna Almsworth, giving her consent to the issuance of a license authorizing his marriage to Miss Regina Boleto, a resident of Berkeley, aged 18 years.

The Stanford football players scored a victory over the "Reliance" team at Palo Alto. Captain Frick was not in the game and the Reliance men seemed to be demoralized. The Reliance team was made up as follows: Wreckoff, left end, Lucine left tackle; McMillan left guard; Sullivan, center; Smith, right guard; Whitehouse, right tackle; Sherman, left end; Whitely, quarter back; Edwards, left back; Walton, right back; Taylor, full back.

Henry Kahn had taken a leap through space, and was engaged in feeding up a section of the Twelfth street car line. It was just an incident in his learning to ride, that was all. And there were others, many others. Major Fred Whitely of Japan, when he made up his mind to be a wheelman, went about it in his customary systematic way. He had an India rubber air-tight suit of clothes made and then when all ready to mount inflated it and laughed in his sleeve. It worked like a charm, but one day came a wondrous climax. In falling he alighted on a pointed rock. It cut through his garment and there was an explosion that broke glass in the windows for three blocks around. A crowd rushed to the scene, thinking the major had been blown up by dynamite and

COUNTIES JOIN STATE BUILDING DEDICATION

SAN FRANCISCO, Nov. 12.—Twenty California counties that is to exhibit at the Panama-Pacific International Exposition and the county auxiliary of the Women's Board of the exposition, will be represented at the dedication of the California Building on November 21 and the reception and dancing to follow. Replies to the invitations sent out by the Women's Board and the commission of the California Building indicate the keenest interest in the structure that is to be the temple of California hospitality during 1915. Meetings of the exposition commissions of the various counties have been called to send delegations to the dedication ceremonies. In consideration of the great number of Californians who will attend the dedication and reception the railroads have fixed especially low excursion rates from all sections of the state. Tickets will be sold on the 15th, 20th and 21st, good for return until the 29th.

AWARD \$10,000 DAMAGES.
SAN JOSE, Nov. 12.—Damages in the sum of \$10,000 were awarded by a jury in the Superior Court here yesterday in the action of Achille Allegri of this city against the Southern Pacific railroad company as the result of an accident near this city on September 19, 1913, when Mrs. Allegri was killed. The action was brought for \$10,000 and the jury found the railroad company negligent in failing to protect a spur track grade crossing.

PUGILIST LOSES FORTUNE.
PARIS, Nov. 12.—The war has cost Georges Carpentier, the pugilist, nearly the whole of his fortune, amounting to about a quarter of a million dollars, earned in the prize ring. Carpentier's savings were invested in the mining of Lens and Courrières, which have been destroyed.

OH! THE CHARM OF BEAUTY

Let Stuart's Calcium Wafers
Restore the Color to Your
Cheeks and Remove the
Cause of Pimples, Black-
heads, Etc.

Every one envies a beautiful skin, just as every one envies a healthy person. Unhealthy faces filled with pimples, discolored, blackheads, etc., are nothing but unhealthy faces due to blood impurities. Cleanse the blood and the facial blemishes disappear.

"Life to me now is a beautiful thing, for I have made all skin troubles a thing of the past."

You must not believe that drugs and salves will cure facial blemishes. The cause is impure blood filled with all manner of refuse matter.

Stuart's Calcium Wafers cleanse and clear the blood, drive out all poisons and impurities. And you'll never have a good complexion until the blood is clean. These little wafers may be used with perfect freedom. Science knows no more powerful blood cleanser. They are entirely free from harmful drugs or opiates. Your doctor prescribes these hundreds of times a year.

Stuart's Calcium Wafers go right into your blood. Their purifying, beneficial effect upon the blood is felt throughout the body, not in a year or a month, but in a few days. You feel better all over because your blood, the life-giving fluid, is doing its work properly. No matter how bad your complexion is, Stuart's Calcium Wafers will work wonders with it. You can get these little wonder-workers at your druggist's for a few cents a package. If you wish to try a small sample first it will be mailed free by address: F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich. Advt.

DYNAMITE FOUND UNDER R. R. BRIDGE

Tramp Discovers Explosives in
Time to Prevent Big
Disaster.

Marysville, Nov. 12.—Twenty-six sticks of dynamite and a large quantity of gunpowder, with fuses attached, were found under the Western Pacific bridge at Pleasant Grove, Sutter county, late yesterday. I. W. W. S. discovered the working hours of laborers on the right of way of the company, are suspected.

It is believed that the dynamite intended to set off the fuse some time last night and blow the bridge, which is on the main line of the company, to atoms. The timely discovery of the explosive was made by a tramp walking across the structure, his downward glance at the ties revealing the dynamite. He immediately notified the station agent there, who in turn notified the S. P. S. of the matter.

The dynamite was laid in position and the fuses carefully set. As the bridge is located some distance out of the town proper, if it were blown up it might have resulted in wrecking the left main, the fast passenger train of the Western Pacific, which passes over it about midnight.

Less than a month ago the Pleasant Grove station of the Western Pacific, and a building adjoining it, were destroyed by fire of an unknown origin, and now the authorities believe that some person or persons are bent on destroying property of the railroad.

Santa Rosa, Nov. 12.—The official canvass of votes disclosed last night that Sheriff Jack Smith had a lead on his opponent, Joseph F. Ryan of Sonoma by 25 votes. If it were not for the superior court will probably be requested.

Redding, Nov. 12.—Mine, electrical and civil engineers arrived here yesterday from San Francisco, their mission being to estimate the value of the Northern California Power plant, a large hydroelectric property. Four engineers were sent by the State railroad commission and five by the power company.

Together they are to check up an inventory made by the company during the last twelve months, the purpose being to determine the value of the power company's property, so the commission can adjust rates on an equitable basis.

The mine engineers left at once for the Shingletown country, where are the company's several power houses. The work must be completed by December 15, as the commission is to adjust rates for the entire system in December.

Sacramento, Nov. 12.—Looking to a change in State text books in the subjects of reading and writing and the introduction of the new State Board of Education has prepared specifications and called for sample books and bids from book publishers and for manuscripts and bids from authors, to be submitted by March 1, 1915.

Authors, publishers and book men are cautioned not to expect a quick sale of their textbooks, as the board of education or employees regarding textbooks under consideration.

Sacramento, Nov. 12.—Whether it is better to be a "geek" and face discipline and probable expulsion from school, or just a plain, ordinary student without any secrets or relations with fraternities or sororities, will be one of the absorbing questions to be determined by the State Board of Education.

Principals of normal and high schools will be called upon to execute the law as laid down in an opinion rendered yesterday by Commissioner of Secondary Education Will C. Wood at the instance of C. N. Oenbaugh, principal of the San Jose high school. Wood condemns secret fraternities and refuses to approve the skillfully phrased constitution of the Delta Kappa Epsilon of California.

"Fraternities are in violation of the law," declares Wood, "and although the constitution is not anti-fraternal, eliminating secrecy and inviting the principal to attend all meetings, adherence to the name 'Delta Kappa Epsilon' is in violation of the law. The limitation of membership to former members of the Delta Kappa Epsilon is in violation of the law. It is necessary to expel or suspend any student belonging to the fraternities in order to promote the best interests of the California school system."

San Jose, Nov. 12.—H. E. McCullum, manager of a local messenger service, was shot through the right arm by Deputy Sheriff S. A. Buffington yesterday when he attempted to escape after being arrested on a statutory charge of detaining 16-year-old Sylvia Gonzales in a lodging house.

The girl, who disappeared Monday, was rescued by Mrs. Catherine Bratton, deputy probation officer. McCullum was apprehended later. It was while being taken to the county jail that he attempted to escape.

Los Angeles, Nov. 12.—W. Gough of San Francisco was given his release on a four-year term of probation yesterday by Judge Craig, after he had pleaded guilty to having defrauded A. P. Howard of Los Angeles in a stock swindle. Gough in extension of his crime said:

"All of my fortune was tied up in stocks. Then the war came on and things went to smash. I then thought of raising money by a scheme which I admit was dishonest. I fully expected to recoup my losses and repay the money."

San Jose, Nov. 12.—Plans to establish a commission house and selling agency for recent candidates for the office of the California farmer, was made by the Farmers' educational and co-operative union, which held the final session of its annual meeting here yesterday.

A resolution urging the national convention of farmers to meet in San Francisco next year, and a resolution favoring peace and expressing disfavor on the employment of military drills in schools were also passed.

The following officers were elected: President, D. M. Utter, Campbell; vice-president, G. R. Lynch, Morgan Hill; secretary-treasurer, Fred Millard, Los Gatos.

San Jose, Nov. 12.—Edward J. White of Watsonville, recent candidate for the Democratic nomination for Governor, was yesterday chosen president of the board of directors of the Agnew State hospital for the insane. Other officers elected were: Horace Wilson, San Francisco, vice-president; Louis M. Simonsen, San Jose, secretary; and the Bank of San Jose depository.

Stockton, Nov. 12.—The twelfth annual convention of the California Bricklayers, Masons and Plasterers' International Union has elected these officers: John T. Norwood, Los Angeles, president; F. L. Erwin, Fresno, first vice-president; G. L. Osborn, Los Banos, second vice-president; T. W. Free, Oakland, secretary-treasurer.

MAY BEGIN RAILWAY.
SAN FRANCISCO, Nov. 12.—The Marin County Electric Railway today filed an amended application with the railroad commission for authority to begin construction work at once at Mill Valley out of private funds pending the sale of stock and the receipt of deferred payments on stock already subscribed. The commission previously authorized the company to begin work only when \$25,000 received from the sale of stock had been deposited in Marin county banks.

EDISON BONDS ALLOWED.
SAN FRANCISCO, Nov. 12.—The Southern California Edison Company was given permission by the railroad commission today to issue \$784,000 face value of 5 percent bonds. For the present only \$266,000 of these bonds may be issued, the company to stock already subscribed. The price of their face value, minimum price on the balance will later be fixed. The issue is to pay off promissory notes.

and, then George G. Calkins, president of the organization delivered a report. Rev. W. L. Studeger and O. D. Johnson then was introduced. The Governor cited Catherine of Russia and others who advised against educating the people, and said that methods less have changed with the years. Now the young people are looked to results. The Governor said that at that advance had been made in the past ten years and that he had learned that people may be trusted. He cited in the distribution shown in voting amendments.

Chlorinum is used in a new fireless heater, with mica to insulate the walls, a detachable asbestos bottom to be removed when the utensil is placed over a

unpleasant substance, itching, scaling, itching stops instantly, and healing begins. With the aid of Resinol Soap, it almost always clears away every trace of eczema, ringworm, pimples or other tormenting, unsightly eruptions quickly, leaving the skin clear and healthy.

Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for nineteen years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment and Resinol Soap, but, for free samples write to Dept. 42-R, Resinol, Baltimore, Md.
